

Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 45-70 Gov't

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 1 1/4 Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 1 1/4. This product is designed to provide the highest precision in seating match bullets, ensuring optimal performance during your reloading process. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always use the BenchRestSeater in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean, dry, and welllit to prevent accidents.
- Keep the BenchRestSeater out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear and damage before use.
- Do not modify the BenchRestSeater; modifications can lead to unsafe conditions.
- Report any unsafe product conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety glasses when using the BenchRestSeater to protect your eyes from debris.
- Use only the recommended seaterheads for your specific bullet type to maintain concentricity and safety.
- Handle all components with care to avoid injury or damage to the product.
- Ensure that the cartridge case is properly aligned before seating the bullet to prevent misfires or accidents.
- Do not exceed the manufacturer's specifications regarding bullet and cartridge types.

Instructions for Installation and Usage

1. Installation:

- Ensure the BenchRestSeater is placed on a stable and secure surface.
- Attach the desired seaterhead securely to the seaterhead mount according to the manufacturer's instructions.
- Verify that all components are properly assembled before use.

2. Usage:

- Prepare the cartridge case by ensuring it is clean and free from obstructions.
- Insert the cartridge case into the guide sleeve of the BenchRestSeater.
- Place the bullet in the seaterhead, ensuring that it is properly seated.
- Apply even pressure to the seaterhead while maintaining proper alignment of the cartridge case and bullet.
- After seating, inspect the cartridge for any signs of damage or misalignment.

Disposal Instructions

- Dispose of any damaged or worn components of the BenchRestSeater in accordance with local regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Check with your local waste management authorities for appropriate disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the BenchRestSeater, please refer to the manufacturer's contact information included in the product packaging or manual.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the BenchRestSeater 1 1/4. Always prioritize safety and compliance with the EU General Product Safety Regulation (GPSR) while using this product. Thank you for your attention to these important guidelines.
