

# Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 458 Lott

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

# BenchRestSeater 1 1/4 Safety Instruction Guide

## Introduction

Thank you for choosing the BenchRestSeater 1 1/4. This product is designed to provide the highest precision in seating match bullets. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information about product safety, usage precautions, and disposal instructions.

## General Safety Guidelines

- Ensure that you use the product only for its intended purpose as described in the manual.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using this product.
- Keep the BenchRestSeater out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear and damage before use. Do not use if any part is broken or worn out.
- Follow all local laws and regulations regarding the use of reloading equipment and ammunition.

## Specific Safety Precautions for Use

- Always ensure that the seaterhead is securely attached before starting the seating operation.
- Use the correct seaterhead for the bullet type being used to improve concentricity and reduce the risk of accidents.
- Do not exceed the recommended load specifications for your ammunition.
- Avoid distractions while using the BenchRestSeater to maintain focus and precision.
- In case of any malfunction or unexpected behavior, stop using the product immediately and consult the manual or contact support.

## Instructions for Installation and Usage

### 1. Installation:

- Place the BenchRestSeater on a stable and level surface.
- Ensure that the guide sleeve is clean and free from debris before use.
- Select the appropriate seaterhead for the bullet you will be using and attach it securely to the seater.

### 2. Usage:

- Insert the cartridge case into the guide sleeve, ensuring it is positioned correctly.
- Place the bullet into the cartridge case.
- Gently lower the seaterhead onto the bullet and apply even pressure to seat the bullet.
- Check for proper alignment and concentricity after seating.
- Remove the finished cartridge carefully and store it safely.

## Disposal Instructions

- Dispose of the BenchRestSeater and any worn or damaged parts in accordance with local regulations.
- Do not dispose of the product in household waste. Contact local waste management for proper disposal methods.
- Ensure that all materials used in conjunction with the product, such as packaging and accessories, are disposed of safely.

## **Contact Information for Further Support**

For any questions, concerns, or support regarding the BenchRestSeater, please refer to the user manual or contact the designated support services for assistance.

Thank you for prioritizing safety while using the BenchRestSeater 1 1/4. Your diligence helps ensure a safe and effective reloading experience.
