

Bench-Rest-Seater 1 1/4 - Bench-Rest-Seater 470 NE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

Safety Instruction Guide for BenchRestSeater 1 1/4

Introduction

Thank you for choosing the BenchRestSeater 1 1/4. This product is designed to provide high precision in seating match bullets, ensuring optimal performance for your reloading needs. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always ensure that the work area is clean and free from distractions when using the BenchRestSeater.
- Use the product only for its intended purpose as described in the manual.
- Keep the product out of reach of children and unauthorized users.
- Inspect the product before each use to ensure it is in good working condition.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the BenchRestSeater.
- Do not exceed the recommended specifications for the product, including the maximum thread size and bullet types.
- Ensure the cartridge case is properly aligned in the seater before proceeding with the seating operation.
- Avoid using excessive force during the seating process to prevent damage to the product or injury.
- If you notice any unusual sounds or resistance during use, stop immediately and inspect the product for damage or obstruction.

Instructions for Installation and Usage

1. Installation

- Ensure the work surface is stable and secure.
- Attach the BenchRestSeater to your reloading press using the provided threading.
- Confirm that the seaterhead is securely in place before use.

2. Usage

- Select the appropriate seaterhead based on the bullet type being used.
- Insert the cartridge case into the guide sleeve, ensuring it is seated correctly.
- Place the bullet into the cartridge case.
- Slowly and steadily pull the handle of the reloading press to seat the bullet.
- Check for proper seating depth and concentricity after the operation.
- If necessary, adjust the seaterhead and repeat the process for improved results.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the product is no longer in use, dispose of it responsibly by following local electronic waste disposal guidelines.
- Do not discard the product in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the use of the BenchRestSeater 1 1/4, please consult the manual or reach out to the manufacturer for support.

By following these safety instructions, you can ensure a safe and effective experience with your BenchRestSeater 1 1/4, while also complying with the EU General Product Safety Regulation (GPSR). Thank you for your attention to these important safety guidelines.
