

Bench-Rest-Seater 1 1/2 - Bench-Rest-Seater 460 Steyr

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The BR-Seater is your reliable partner for highest precision in seating match bullets, or whenever in questions of “bullet runout”, there is no room for compromise.

Thanks to the guide sleeve which is modelled like the cartridge chamber, the cartridge case will receive perfect axial guidance during the seating operation.

Also, the bullet will be guided in the same process.

This ensures perfect concentricity. Of course, the seater-head is replaceable. Various types of seater-heads are offered.

Choosing the correct seater head for the bullet used often improves concentricity significantly. You will find further instructions and assistance in selecting accessories and spare parts in the manual.

BenchRestSeater 1 1/2 Safety Instruction Guide

Introduction

Thank you for choosing the BenchRestSeater 1 1/2. This product is designed to provide the highest precision in seating match bullets. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Always inspect the BenchRestSeater before use to check for any signs of damage or wear.
- Keep the product out of reach of children and vulnerable individuals.
- Do not use the product for any purpose other than intended.
- Report any unsafe conditions or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear safety glasses when using the BenchRestSeater to protect your eyes from debris.
- Ensure your working area is clean and free from clutter to avoid accidents.
- Use the product only in a wellventilated area to prevent inhalation of any harmful substances.
- Do not exceed the recommended specifications for bullet types and sizes.
- Handle ammunition with care and follow all relevant safety protocols.
- Ensure that your hands are dry and clean when operating the product to maintain grip and control.

Instructions for Installation and Usage

1. Installation

- Unpack the BenchRestSeater and ensure all components are present.
- Attach the seaterhead securely to the main body of the seater.
- Adjust the height and position of the seater to ensure it is stable and comfortable for use.

2. Usage

- Place the cartridge case into the guide sleeve, ensuring it is properly aligned.
- Insert the bullet into the cartridge case, ensuring it is seated correctly.
- Apply even pressure to the seaterhead to ensure proper seating of the bullet.
- Check for concentricity after seating to ensure precision.
- Replace the seaterhead as necessary based on the type of bullet used for optimal performance.

Disposal Instructions

- Dispose of the BenchRestSeater and any associated components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check for any specific disposal guidelines related to materials used in the product.

Contact Information for Further Support

For any questions or concerns regarding the BenchRestSeater, please refer to the user manual or contact the manufacturer for further assistance.

Thank you for prioritizing safety while using the BenchRestSeater 1 1/2. Your adherence to these guidelines will

help ensure a safe and effective experience.
