

Mission Carrier - Hybrid Duffle Bag

[Shooting Accessories](#) > [Tactical Gear](#) > [Accessories](#)

The Mission Carrier from German Tactical Systems is built for those who carry more and demand the same rugged reliability found across our waterproof gear line. Designed for field operators, outdoor professionals, and anyone on the move, this Hybrid Duffle Bag offers maximum versatility, comfort, and protection from the elements.

- **Hybrid Carry System:** The Mission Carrier can be carried as a traditional duffle or worn like a backpack. The detachable straps can be crossed over or secured together with integrated Velcro loops, allowing you to customize your carry setup based on the mission.
- **Waterproof Protection:** Built from heavy-duty, waterproof materials that shield your gear from rain, mud, and harsh environments. Perfect for field use, travel, or everyday tactical applications.
- **Spacious Main Compartment:** A large waterproof main compartment with internal securing straps keeps your gear organized and stable, even in motion.
- **Internal Storage:** Includes two large inner side pouches for structured organization of smaller equipment, tools, or clothing.
- **External Side Pouches:** Additional outer compartments provide quick access to frequently used items without opening the main storage area.
- **Full-Length Utility Loops:** Both sides feature continuous loops designed for attaching carabiners, accessories, or securing the Mission Carrier to vehicles, boats, or racks during transport.
- **Adaptable and Rugged:** Whether you're on deployment, at the range, or heading out for a weekend operation, the Mission Carrier stands up to heavy use while keeping your gear dry, accessible, and secure.

Mission Carrier Hybrid Duffle Bag Safety Instructions

Introduction

Thank you for choosing the Mission Carrier Hybrid Duffle Bag from German Tactical Systems. This guide provides important safety information to ensure the safe use and longevity of your product. Please read this manual carefully before using the bag, and keep it for future reference.

General Safety Guidelines

- Ensure that the bag is used only for its intended purpose.
- Regularly inspect the bag for any signs of wear and tear, including straps, seams, and zippers.
- Do not overload the bag beyond its specified capacity of 51 liters.
- Keep the bag away from sharp objects that may cause punctures or tears.
- Store the bag in a cool, dry place when not in use to prevent mold and degradation of materials.
- Be cautious when carrying the bag in wet conditions, as prolonged exposure to water may affect the integrity of the waterproof materials.
- If the bag becomes wet, allow it to dry completely before storing it.

Specific Safety Precautions for Use

- When using the Hybrid Carry System, ensure that the straps are securely fastened to prevent accidental release during use.
- Adjust the straps to fit comfortably and securely to avoid strain or injury.
- Be mindful of your surroundings when carrying the bag, especially in crowded areas, to avoid accidents.
- If using the bag in a tactical environment, ensure that all equipment stored inside is secured to prevent shifting.
- For children, ensure that they are supervised while using or playing with the bag to prevent accidents.

Instructions for Installation and Usage

Carrying the Bag

- To carry the bag as a traditional duffle:
 - Use the top handles to lift and carry the bag.
 - Ensure the bag is balanced when lifted to avoid strain.
- To wear the bag as a backpack:
 - Detach the straps from the bag.
 - Cross the straps over your shoulders and secure them using the integrated Velcro loops.
 - Adjust the straps for a snug fit.

Organizing Your Gear

- Utilize the spacious main compartment for larger items.
- Use the two large inner side pouches for smaller equipment, tools, or clothing.
- Store frequently used items in the external side pouches for quick access.
- Secure items using the internal securing straps to keep them organized and stable.

Maintenance

- Clean the bag with a damp cloth and mild soap as needed.
- Avoid using harsh chemicals or abrasive materials that may damage the waterproof coating.
- Allow the bag to air dry completely after cleaning.

Disposal Instructions

- When the bag reaches the end of its life cycle, dispose of it in accordance with local regulations.
- If the bag is made of recyclable materials, please recycle it appropriately.
- Do not burn the bag, as it may release harmful substances.

Contact Information for Further Support

For any inquiries regarding safety or product support, please contact the manufacturer directly through their official channels. Ensure you have your product details handy for reference.

By following these safety instructions, you can ensure the safe and effective use of your Mission Carrier Hybrid Duffle Bag. Thank you for your attention to these guidelines, and enjoy your adventures with your new bag!
