

# DeadShot Monopod

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

Forget heavy, bulky, and unstable shooting rests! The DeadShot Monopod delivers lightweight performance, practicality, and top-tier quality in one package. Built from durable aluminum, it's perfect for any environment—whether you're out in the field, hunting from cover, or shooting in open terrain.

This monopod features a comfortable foam grip for warmth and convenience, along with quick-adjust twist locks that let you set the height with a single motion. Plus, the rubberized BOG shooting rest ensures maximum stability and precise aiming.

# DeadShot Monopod Safety Instruction Guide

## Introduction

Thank you for choosing the DeadShot Monopod. This guide provides essential safety instructions to ensure safe usage and maintenance of your monopod. Please read this guide thoroughly before use to understand how to operate the product safely and effectively.

## General Safety Guidelines

- Always inspect the monopod before each use. Look for any signs of wear or damage.
- Ensure that the monopod is fully extended and locked before use to prevent accidental collapse.
- Use the monopod only for its intended purpose: as a shooting rest for cameras, binoculars, or firearms.
- Keep the monopod away from children and vulnerable individuals to prevent accidents.
- Do not exceed the weight limit specified by the manufacturer.
- Avoid using the monopod in extreme weather conditions, such as heavy rain or high winds, which may affect stability.
- Store the monopod in a dry place when not in use to prevent damage.

## Specific Safety Precautions for Use

- Use the foam grip to maintain a secure hold while operating the monopod.
- When adjusting the height, ensure that your fingers are clear of the twist locks to avoid pinching.
- Do not use the monopod on uneven surfaces that may compromise stability.
- When using the rubberized BOG shooting rest, ensure it is properly aligned with your equipment to maintain accurate aim.
- If you notice any instability or wobbling during use, discontinue use immediately and inspect the monopod.

## Instructions for Installation and Usage

### 1. Unpacking the Monopod

- Remove the monopod from its packaging and check for any visible damage.
- Ensure all components are included as per the product specifications.

### 2. Adjusting the Height

- To adjust the height, locate the quickadjust twist locks.
- Loosen the twist locks by turning them counterclockwise.
- Extend or retract the monopod to your desired height (63–163 cm).
- Tighten the twist locks by turning them clockwise until secure.

### 3. Using the Monopod

- Hold the monopod by the foam grip for comfort and control.
- Position the rubberized BOG shooting rest under your equipment.
- Ensure that the monopod is stable and secure before taking your shot.

### 4. PostUse Care

- After use, retract the monopod to its shortest length.
- Clean the monopod with a damp cloth if necessary, and store it in a dry place.

## Disposal Instructions

- When disposing of the DeadShot Monopod, follow local regulations for aluminum recycling.
- Do not dispose of the monopod in regular household waste.
- Remove any nonrecyclable components before recycling.

## Contact Information for Further Support

For any safety inquiries or support regarding the DeadShot Monopod, please refer to the manufacturer's contact point within the EU. Ensure you have your product details and purchase information available for assistance.

By following these guidelines, you can ensure the safe and effective use of your DeadShot Monopod. Thank you for your attention to safety and enjoy your shooting experience!
