

X-10 .264/6.5mm Caliber Conversion Kit

[Reloading](#) > [Reloading Presses](#) > [Progressive Presses](#)

At its core, the X-10 features rigid steel construction, multiple ball bearings, and a gear-driven rotating shell plate, ensuring rock-solid performance while virtually eliminating powder spillage and bullet tipping.

Packed with innovative features, the X-10 includes:

1. Dual de-capping stations to prevent primer drawback
2. In-line primer pocket swaging for both small and large primers
3. Compatibility with powder check and case trimming dies

The case-actuated powder measure features a positive reset, preventing sticking issues that could lead to squib loads. Caliber changes? No problem. The X-10's smart design allows for quick and easy tool head and shell plate swaps, supporting everything from 9mm to .308 cartridges.

For enhanced usability, the X-10 is equipped with:

4. Ergonomic roller handle for smooth operation
5. Integrated LED light for improved visibility
6. Spring-loaded case locator buttons for effortless one-handed case feeding

Safety Instruction Guide for X10 .264/6.5mm Caliber Conversion Kit

Introduction

Thank you for choosing the X10 .264/6.5mm Caliber Conversion Kit. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this document carefully to understand the safety measures, installation instructions, and proper usage of your conversion kit.

General Safety Guidelines

To ensure your safety and the safety of others while using the X10 Conversion Kit, please adhere to the following guidelines:

- Always read and understand the user manual before operating the product.
- Use the product only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- Do not modify the product in any way.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves during operation.
- Ensure your workspace is clean and free from hazards.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

When using the X10 .264/6.5mm Caliber Conversion Kit, please observe the following safety precautions:

- Ensure that the conversion kit is compatible with your press before use.
- Always check that the tool head and shell plate are securely attached before operating.
- Use only the recommended tools and accessories with the X10 Conversion Kit.
- Avoid wearing loose clothing or jewelry that may get caught in moving parts.
- Keep hands and other body parts away from moving components during operation.
- Ensure that the work area is welllit to avoid accidents.
- Do not exceed the manufacturer's recommended loading specifications.
- If you experience any malfunction or unusual operation, stop using the product immediately and consult the troubleshooting section of the user manual.

Instructions for Installation and Usage

Follow these steps to safely install and use the X10 .264/6.5mm Caliber Conversion Kit:

1. Installation:

- Ensure that the press is turned off and unplugged.
- Remove any existing tool head and shell plate from the press.
- Align the X10 tool head with the press and secure it in place using the provided screws.
- Attach the shell plate by aligning it with the tool head and securing it according to the manufacturer's instructions.
- Doublecheck that all components are tightly secured before proceeding.

2. Usage:

- Prepare your workspace by ensuring it is clean and organized.
- Load the appropriate caliber cartridge and ensure it is seated correctly in the shell plate.
- Follow the reloading process as outlined in the user manual, ensuring to monitor for any signs of malfunction.
- After use, clean the tool and store it in a safe place away from children and pets.

Disposal Instructions

When it comes time to dispose of the X10 .264/6.5mm Caliber Conversion Kit, please follow these guidelines:

- Do not dispose of the product in regular household waste.
- Check local regulations for proper disposal methods of metal and plastic components.
- If the product is no longer functional, consider recycling the materials where possible.
- Always ensure that any hazardous materials are disposed of in accordance with local laws.

Contact Information for Further Support

For further assistance or inquiries regarding the X10 .264/6.5mm Caliber Conversion Kit, please refer to the manufacturer's contact information provided with your product packaging. It is important to have a reliable source for support and guidance.

By following these safety instructions, you can enjoy the benefits of your X10 .264/6.5mm Caliber Conversion Kit while ensuring a safe and efficient reloading experience. Thank you for your attention to safety.
