# Best Bore Cleaner Safety Instruction Guide

## Introduction

Thank you for choosing the Best Bore Cleaner (0.11kg). This product is designed to help you maintain your firearm by effectively cleaning the bore, ensuring optimal performance and accuracy. This guide provides essential safety instructions to ensure your safe and effective use of the product, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and follow the instructions provided in this guide before using the product.
- Ensure that the product is stored out of reach of children and vulnerable individuals.
- Do not use the product for any purpose other than its intended use as a bore cleaner.
- Be aware of the potential hazards associated with cleaning chemicals, including skin and eye irritation.
- Check for any specific safety warnings on the product packaging.
- In case of an emergency or adverse reaction, seek medical attention immediately.

## Specific Safety Precautions for Use

- Wear protective gloves and eyewear when using the Best Bore Cleaner to prevent skin and eye contact.
- Ensure adequate ventilation in the area where the product is used to avoid inhaling fumes.
- Do not eat, drink, or smoke while using the product to minimize exposure to harmful substances.
- Keep the product away from heat sources, sparks, and open flames, as it may be flammable.
- Dispose of any used cleaning materials in accordance with local regulations to prevent environmental contamination.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning tools (e.g., cleaning rod, patches, bore brush).

### 2. Application:

- Shake the Best Bore Cleaner bottle well before use.
- Apply a small amount of the cleaner directly onto the bore brush or cleaning patch.
- Insert the brush or patch into the bore and move it back and forth to allow the cleaner to penetrate and loosen fouling.
- Allow the cleaner to sit for a few minutes for maximum effectiveness.

### 3. Cleaning:

- After the cleaner has had time to work, push a clean patch through the bore to remove residue.
- Repeat the process as necessary until the patches come out clean.
- Clean the exterior of the firearm with a cloth dampened with the cleaner if needed.

### 4. Final Steps:

- Once cleaning is complete, ensure the bore is dry.
- Store the firearm safely and securely.

## **Disposal Instructions**

- Dispose of any leftover product and cleaning materials according to local regulations.
- Do not pour the product down the drain or dispose of it in regular household waste.
- Contact your local waste disposal facility for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the Best Bore Cleaner, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective cleaning experience with the Best Bore Cleaner. Always prioritize safety and stay informed about any updates or recalls related to the product. Thank you for your attention to these important guidelines.
