

# FAT Wrench AutoTorque

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Snakes](#)

Introducing the F.A.T. Wrench AutoTorque—the first battery-operated screwdriver with an integrated torque limiter, built specifically for gunsmiths. This innovative tool speeds up installations of red dots, scope bases, scope rings, and action screws while ensuring precise torque every time.

Setting your torque is effortless—simply adjust between 10-65 in-lbs. on the easy-to-read digital display and start working. The variable-speed 200 RPM motor automatically stops when the desired torque is reached, preventing over-tightening and firearm damage.

Powered by a rechargeable battery pack, the AutoTorque delivers up to 2 hours of continuous run-time per charge. It comes with a 15-piece black phosphate-coated 1/4" bit set, designed to fit the most common firearm fasteners. Everything is stored in a premium latching hard case, designed to stack seamlessly with other Wheeler sets for smart, organized storage.

# FAT Wrench AutoTorque Safety Instruction Guide

## Introduction

Thank you for choosing the F.A.T. Wrench AutoTorque. This innovative tool is designed for gunsmiths, offering precision and efficiency for your firearm installations. To ensure your safety and the effective use of this product, please read and follow the safety instructions carefully.

## General Safety Guidelines

- Always read the user manual before operating the F.A.T. Wrench AutoTorque.
- Ensure that the tool is used only for its intended purpose.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool before each use for any signs of damage or wear.
- Do not use the tool if it is damaged or malfunctioning.
- Follow all safety precautions when handling firearms.
- Store the tool in a safe, dry place when not in use.

## Specific Safety Precautions for Use

- **Battery Safety:**

- Use only the specified rechargeable battery pack for the F.A.T. Wrench AutoTorque.
- Do not expose the battery pack to extreme temperatures or moisture.
- Charge the battery pack according to the manufacturer's instructions.

- **Torque Settings:**

- Always set the torque within the recommended range of 1065 inlbs.
- Avoid exceeding the maximum torque limit to prevent damage to your firearm.

- **Overtightening Prevention:**

- The variable speed motor automatically stops when the desired torque is reached. Always listen for the stop to avoid overtightening.

- **Personal Protective Equipment:**

- Wear safety glasses to protect your eyes while working.
- Use hearing protection if working in a loud environment.

## Instructions for Installation and Usage

### 1. Setting Up the Tool:

- Ensure the battery pack is fully charged before use.
- Attach the desired bit from the included 15 piece set to the wrench.
- Turn on the tool using the power button.

### 2. Adjusting Torque Settings:

- Use the digital display to select the desired torque setting between 1065 inlbs.
- Confirm that the setting is displayed correctly before proceeding.

### **3. Using the Tool:**

- Align the bit with the fastener on your firearm.
- Press the trigger to start the motor and apply torque.
- Release the trigger once you hear the motor stop, indicating the desired torque has been reached.

### **4. After Use:**

- Turn off the tool and remove the battery pack if not in use for an extended period.
- Clean the tool and bits after use to maintain optimal performance.

## **Disposal Instructions**

- Dispose of the F.A.T. Wrench AutoTorque according to local regulations.
- Do not dispose of the battery pack with regular household waste. Follow proper battery disposal guidelines to protect the environment.
- Consider recycling the tool and its components where possible.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the F.A.T. Wrench AutoTorque, please refer to the manufacturer's contact information included in the product packaging. Always ensure you have the latest updates and safety information.

By following these safety instructions, you can ensure a safe and effective experience with your F.A.T. Wrench AutoTorque. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
