

MMX4 - MEPRO MMX4, MICRO MAGNIFIER 4x QUICK FLIP-MOUNT

The Meprolight MMX4 is a lightweight, rugged 4x magnifier designed to extend the effective range of your red dot or reflex sight without the need for re-zeroing. Its compact design conserves rail space and minimizes added weight, making it ideal for tactical and competitive shooting scenarios.

Key Features:

- 4x Magnification: Enhances target identification and engagement at extended ranges.
- Flip-to-Side Mount: Integrated side-flip adapter allows quick transition between magnified and unmagnified views.
- No Zeroing Required: Maintains alignment with your primary optic without additional adjustments.
- Adjustable Alignment: Elevation and windage dials provide precise field-of-view alignment.
- Wide Field of View: 5.5° angular field enables rapid target acquisition with both eyes open.
- Durable Construction: IPX7-rated for water resistance; operates in temperatures from -4°F to 122°F (-20°C to 50°C).
- Compatibility: Fits MIL-STD-1913 Picatinny rails; includes riser for 1.5" and 1.93" height-over-bore optics.
- Protective Covers: Comes with black and FDE rubber covers to safeguard the optic when not in use.

MMX4 MEPRO Safety Instruction Guide

Introduction

Thank you for choosing the Meprolight MMX4 Micro Magnifier. This guide provides essential safety instructions and usage information to ensure a safe and effective experience with your product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the magnifier is used only for its intended purpose.
- Always handle the product with care to prevent damage or injury.
- Keep the magnifier out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Avoid Eye Injury:** Never look directly at the sun or any bright light source through the magnifier, as this can cause serious eye damage.
- **Secure Mounting:** Ensure that the magnifier is securely mounted on the rail before use to prevent it from becoming dislodged during operation.
- **Weather Conditions:** Do not use the magnifier in extreme weather conditions outside its specified operating range (4°F to 122°F / 20°C to 50°C) to maintain its integrity and functionality.
- **Water Resistance:** While the MMX4 is IPX7 rated for water resistance, avoid prolonged exposure to water, especially in saltwater environments.
- **Proper Cleaning:** Use a soft, dry cloth to clean the lens. Avoid using harsh chemicals or abrasive materials that could scratch the surface.

Instructions for Installation and Usage

Installation

1. **Select Rail Position:** Choose a suitable position on your MILSTD1913 Picatinny rail for mounting the magnifier.
2. **Attach the Mount:** Align the mount of the MMX4 with the rail and secure it using the provided screws. Ensure it is tightly fastened.
3. **Adjust Height:** If using the included riser for height adjustments, ensure it is properly secured and that the magnifier is level.
4. **Check Alignment:** Verify that the magnifier is aligned with your primary optic for optimal performance.

Usage

- **Switching Views:** Use the integrated sideflip adapter to quickly transition between magnified and unmagnified views.
- **Adjusting Alignment:** Use the elevation and windage dials to make precise adjustments for field of view alignment.
- **Target Acquisition:** Maintain both eyes open for rapid target acquisition while using the wide field of view provided by the magnifier.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste.
- Remove any batteries or power sources before disposal.

- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries or support related to the Meprolight MMX4, please refer to the product packaging or visit the official website for contact details.

Thank you for following these guidelines to ensure safe and effective use of your Meprolight MMX4 Micro Magnifier.
