

# **BIPOD - GRND POD - MDT Accessories - Bipod - GRND-Pod - Sling Swivel - GRN**

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

The MDT GRND-Pod (pronounced "Ground-Pod") was developed for the shooter wanting a stable and secure platform to shoot off of without breaking the bank.

The MDT GRND-Pod is designed to adapt to the picatinny and RRS Dovetail/ARCA mounting interfaces and offers shooters a one hand adjustable height range from 4.5" - 9", with 4-locking positions in the 0°, 50°, 90° and 180° positions.

The MDT GRND-Pod legs are also Atlas/Ckye-Pod foot compatible and can be fully extended just by pulling down on the legs in any position!

# Safety Instruction Guide for BIPOD GRND POD MDT Accessories

## Introduction

Thank you for choosing the MDT GRNDPod. This bipod accessory is designed to provide a stable and secure shooting platform. To ensure your safety and the optimal performance of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the product as intended.
- Inspect the bipod before each use for any signs of wear or damage.
- Ensure that the bipod is securely mounted to your firearm before use.
- Do not exceed the maximum height or weight limits specified in the product specifications.
- Keep the bipod away from children and unauthorized users.
- Follow local laws and regulations regarding the use of firearms and shooting accessories.

## Specific Safety Precautions for Use

- **Stability:** Always ensure that the bipod is on a stable surface before shooting. Avoid using it on uneven or unstable ground.
- **Height Adjustment:** Adjust the height only when the bipod is not under load. Do not attempt to adjust the height while shooting.
- **Locking Positions:** Always make sure that the legs are securely locked in place before use. Check the locking mechanism regularly for proper function.
- **Foot Compatibility:** Ensure that the feet of the bipod are compatible with your chosen accessories (e.g., CKYEPOD/Atlas foot).
- **Sling Swivel:** If using a sling swivel, ensure that it is attached correctly and securely to avoid accidents.

## Instructions for Installation and Usage

### Installation

#### 1. Mounting the Bipod:

- Align the bipod with the picatinny or RRS Dovetail/ARCA mounting interface on your firearm.
- Securely fasten the bipod to the mount using the provided hardware.
- Ensure that the bipod is attached tightly and does not wobble.

#### 2. Adjusting Height:

- To adjust the height, pull down on the legs while pressing the adjustment button.
- Set the height to your desired position (4.5" to 9") and release the button to lock it in place.
- Confirm that the legs are locked before use.

### Usage

#### 1. Setting Up:

- Position the bipod on a stable and level surface.
- Adjust the angle of the legs as necessary to ensure a stable shooting position.

## 2. **Shooting:**

- Always ensure that the bipod is securely positioned before taking a shot.
- Maintain proper shooting posture and control of the firearm at all times.

## 3. **After Use:**

- When finished, retract the legs by pulling them down and pressing the adjustment button.
- Store the bipod in a dry place away from direct sunlight and extreme temperatures.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for electronic and metal waste.
- Do not throw the product in regular household waste.
- Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or support related to the MDT GRNDPod, please reach out to your local retailer or the manufacturer directly. Ensure you have your product details and purchase information available for assistance.

## **Conclusion**

Your safety is our priority. By following these guidelines, you can ensure a safe and enjoyable experience with your MDT GRNDPod. Thank you for your attention to these safety instructions. Happy shooting!
