

# LSS Gen3 Kit SA - MDT Chassis - LSS Gen3 System - Remington 700 - SA - LH - Worker - FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT LSS GEN3 Worker Kit is built for those who need reliability, portability, and simplicity—all packed into one rugged, ready-to-go setup. Whether you're hunting hogs, riding the fenceline, or keeping a coyote rig behind the seat, this chassis is always ready for action.

Lightweight. Compact. Easy to run. Toss it in the truck. Strap it to your pack. Set it up for anyone—from beginners to seasoned pros—and it just works.

Built for movement, the Worker Kit is easy to carry and quick to deploy, whether you're covering miles on foot or jumping in and out of a truck.

The short forend with polymer side panels keeps the rifle slim, comfortable, and easy to grip—plus, it's resistant to heat and cold where it matters. The compact CCS buttstock delivers portability without sacrificing ergonomics.

Truck gun. Ranch rifle. Pack build. Youth trainer. First rifle or fifth—it doesn't matter. This is the kind of setup that gets used—and used hard.

You get professional-grade features like AICS mag compatibility, V-block bedding, and M-LOK accessory slots, all in a build that's simple enough for anyone to use. And because it's still an LSS GEN3 chassis at its core, you're never locked in. Upgrade the stock. Swap the grip. Change the forend. Build it your way.

# LSS Gen3 Kit SA MDT Chassis Safety Instruction Guide

## Introduction

Thank you for choosing the LSS Gen3 Kit SA MDT Chassis. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this guide carefully before using the chassis.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the chassis with care to prevent accidents or injuries.
- Regularly inspect the chassis for any signs of wear or damage.
- Keep the chassis out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding firearm use and storage.
- Always use appropriate protective gear when handling firearms.

## Specific Safety Precautions for Use

- **Firearm Compatibility:** Ensure that the chassis is compatible with your Remington 700 firearm before use.
- **Secure Handling:** Always treat the firearm as if it is loaded. Keep the muzzle pointed in a safe direction.
- **Installation:** Follow the installation instructions carefully to avoid improper assembly.
- **Transportation:** When transporting the chassis and firearm, ensure they are secured and stored in a safe manner.
- **Environmental Conditions:** Avoid exposing the chassis to extreme temperatures or harsh environmental conditions that may affect its performance.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure you have all components of the LSS Gen3 Kit.
- Follow the manufacturer's instructions for assembling the chassis.
- Use the provided tools to secure all components tightly.
- Check that the rifle is properly fitted into the chassis before use.

### 2. Usage:

- Before using the chassis, familiarize yourself with its features and functions.
- Adjust the buttstock and forend to suit your comfort and shooting style.
- Practice safe shooting techniques and always adhere to range safety rules.
- Regularly clean and maintain the chassis to ensure optimal performance.

## Disposal Instructions

- When disposing of the chassis, follow local regulations regarding electronic waste and firearm components.
- Remove any accessories or components that can be recycled or reused.
- Consider donating the chassis if it is still in usable condition.

## **Contact Information for Further Support**

For any safety inquiries or support, please refer to the manufacturer's contact details provided with your product. Ensure you have your product information ready for assistance.

Thank you for taking the time to read this safety instruction guide. Your safety and the safe use of the LSS Gen3 Kit SA MDT Chassis are our top priorities.
