Ranger Point Precision is introducing another standout addition to our industry-leading lineup of lever-action rifle furniture. Working alongside our friend PewView (Nick Johnson)—a shooter whose remarkable skill has earned him a top position in both competition and exhibition—we developed a handguard that pairs a bold, unmistakable aesthetic with streamlined, highly functional design. Modern-style shooters will find everything they need and nothing they don't. It feels right in the hands, sparks the imagination, and is built for accuracy above all else.

## Handguard Highlights

Designed in close collaboration with elite shooter PewView (Nick Johnson)

Engineered to support the modern "thumb-over" offhand technique

Offers versatile mounting options for optics and accessories without sacrificing comfort

Features a sharp, contemporary look inspired by PewView's dynamic shooting style

Built on RPP's proven, class-defining Gen II platform

Machined from 100% 6061 Type III hard-anodized aluminum (13.25"), designed, manufactured, and coated in Texas, USA

When paired with the PewView forend, the tactical modstock provides a 12.5" length of pull—¾" shorter than our standard stocks, reflecting Nick's personal preference

## Buttstock Features

Constructed from tough, weather-resistant 6061 billet aluminum with a custom Type III anodized Root Beer finish

Lightweight at just 22 oz—lighter than factory wood stocks for ideal balance

Factory-comparable length of pull; includes ½" spacers for extended LOP options

Adjustable comb height via four pivot points—set your height, then lock it down

AR-style 6-position buttplate equipped with our proprietary Made-in-Texas

DEAD BLOW recoil pad; compatible with standard AR pads

M-LOK accessory panel with two sling-swivel hardware mounting points, mountable on either side of the stock

Additional adjustable cheek riser to accommodate even taller optics once the main comb height is set
