

# Marlin Lever Quick Takedown Screw 357 Mag - Marlin 357 Mag Lever Takedown Screw (black)

## [Shooting Accessories](#)

Quick Disassembly: Designed for easy lever removal and thorough cleaning—the screw allows effortless swapping between standard and large loop levers. Non-Slip Grip: A hex-profile with a large diameter ensures a secure hold during installation and removal. Precision Fit: Engineered for Marlin rifles (except Model 39A) with the proprietary .210-28 thread. Material: Made from premium 4140 chromoly steel with a durable nitride finish. Extras: An integrated O-ring prevents the screw from loosening during use. Weight: Lightweight yet strong, optimized for use in Marlin lever-action rifles.

# Marlin Lever Quick Takedown Screw Safety Instructions

## Introduction

Thank you for choosing the Marlin Lever Quick Takedown Screw. This product is designed for the Marlin 357 Mag Lever Action rifles, providing a quick and efficient way to remove the lever for cleaning and maintenance. It is essential to follow these safety instructions to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is suitable for your specific Marlin rifle. It is engineered for all models except the Model 39A.
- Always handle firearms and related accessories with care and respect.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the screw and O-ring for wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Before using the screw, ensure the firearm is unloaded and pointed in a safe direction.
- Do not force the screw if it does not fit properly; check for compatibility with your rifle.
- Avoid using excessive force during installation or removal to prevent damage to the screw or rifle.
- If the screw becomes loose during use, stop using it immediately and inspect for any damage.
- Use protective eyewear when working with firearms to prevent injury from potential debris.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and safe to handle.
- Gather all necessary tools and materials for installation.

### 2. Removing the Lever:

- Locate the existing takedown screw on your Marlin rifle.
- Use the appropriate tool to remove the existing screw carefully.
- Keep the original screw in a safe place for future use.

### 3. Installing the Marlin Lever Quick Takedown Screw:

- Take the Marlin Lever Quick Takedown Screw and align it with the screw hole.
- Gently insert the screw into the hole, ensuring it is aligned correctly.
- Use the hexprofile tool to tighten the screw securely, but do not overtighten.

### 4. Using the Lever:

- Once the screw is installed, you can attach either the standard or large loop lever as needed.
- Ensure that the lever is firmly attached and that the screw remains secure during use.

### 5. Cleaning and Maintenance:

- After use, regularly check the screw and O-ring for signs of wear.
- Clean the screw as needed to maintain its performance and longevity.

## Disposal Instructions

- Dispose of any damaged or worn screws in accordance with local regulations.
- Do not throw away with general waste; consider recycling if possible.

## Contact Information for Further Support

For any safety inquiries or further support regarding the Marlin Lever Quick Takedown Screw, please refer to the appropriate EUbased contact point or your retailer.

By following these safety instructions, you can ensure a safe and effective experience with your Marlin Lever Quick Takedown Screw. Always prioritize safety when handling firearms and their accessories.
