

&W 1854 Lever Screw (Texas) Tool Less Quick Takedown - Smith and Wesson 1854 Texas Lever Takedown Screw (black)

[Gunsmith Tools](#) > [Small Hardware](#) > [Metal Screws](#)

Oversized, lever-action tool-less quick takedown screws allow for easy lever removal for a thorough cleaning, plus makes it easy to swap out standard levers for larger loop levers for gloved hands or cowboy action shooting. Replaces the original, factory lever screw without alteration.

- Made of 4140 chromoly steel with a black nitride coating
- Various options of calibers and artwork
- Includes an o-ring so it won't back out

Safety Instruction Guide for &W 1854 Lever Screw (Texas) Tool Less Quick Takedown

Introduction

Thank you for choosing the &W 1854 Lever Screw (Texas) Tool Less Quick Takedown. This product is designed to enhance your firearm experience by allowing for easy lever removal and maintenance. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

General Safety Guidelines

To ensure your safety and the safe use of the &W 1854 Lever Screw, please follow these guidelines:

- Always handle firearms with care and follow all safety protocols.
- Ensure that the firearm is unloaded before performing any maintenance or installation.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check the product for wear and tear, and replace if necessary.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about any product recalls through the EU Safety Gate platform.

Specific Safety Precautions for Use

When using the &W 1854 Lever Screw, keep the following safety precautions in mind:

- Ensure that the screw is properly tightened to avoid loosening during use.
- Use caution when swapping out levers to prevent injury.
- Always wear appropriate safety gear, such as gloves and eye protection, during installation and maintenance.
- Do not use excessive force when installing or removing the lever screw.
- Be aware of the potential for sharp edges when handling the product.

Instructions for Installation and Usage

Follow these steps for the proper installation and use of the &W 1854 Lever Screw:

1. Preparation:

- Ensure that your firearm is completely unloaded and in a safe condition.
- Gather necessary tools, including a screwdriver that fits the lever screw.

2. Installation:

- Locate the original lever screw on your firearm.
- Using the screwdriver, carefully remove the original lever screw.
- Take the &W 1854 Lever Screw and align it with the screw hole.
- Handtighten the lever screw into place, ensuring it is secure but not overtightened.

3. Usage:

- To remove the lever for cleaning, simply unscrew the &W 1854 Lever Screw.
- Clean your firearm as needed, then reattach the lever using the same screw.
- Ensure the lever is securely fastened before using the firearm.

4. Maintenance:

- Regularly inspect the lever screw for signs of wear or damage.
- Replace the lever screw if it shows any signs of weakness or failure.

Disposal Instructions

When it comes time to dispose of the &W 1854 Lever Screw or any related components, please follow these instructions:

- Dispose of the product in accordance with local regulations regarding metal waste.
- Do not dispose of the product in regular household waste.
- Consider recycling options for metal components if available.

Contact Information for Further Support

For any questions or concerns regarding the &W 1854 Lever Screw, please refer to the product packaging or visit the manufacturer's website for additional support and information.

Thank you for your attention to these safety guidelines. Proper use and care of the &W 1854 Lever Screw will ensure a safe and enjoyable experience.
