Safety Instruction Guide for the &W 1854 Lever Screw (Texas) Tool Less Quick Takedown

Introduction

Thank you for choosing the &W 1854 Lever Screw (Texas) Tool Less Quick Takedown. This product is designed for use with Smith and Wesson 1854 leveraction rifles, enabling easy takedown for cleaning and maintenance. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always handle firearms and related accessories with care.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the lever screw for signs of wear or damage.
- Do not use the product if it appears damaged or defective.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Before installation, ensure that the firearm is unloaded and pointed in a safe direction.
- Use caution when removing or installing the lever screw to avoid pinching fingers or causing injury.
- Always wear appropriate personal protective equipment (PPE) when handling tools and firearms.
- Do not force the lever screw into place; it should fit securely without excessive force.
- Avoid using the product in environments that may expose it to extreme temperatures or moisture.
- If you are inexperienced with firearm maintenance, seek assistance from a qualified professional.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and safe to handle.
- Gather the necessary tools for installation, if applicable.

2. Installation

- Locate the existing lever screw on your Smith and Wesson 1854 rifle.
- Carefully remove the old screw if necessary, ensuring not to damage surrounding components.
- Take the new &W 1854 Lever Screw and align it with the screw hole.
- Gently screw it into place by hand until it is secure. Do not overtighten.

3. Usage

- To utilize the toolless quick takedown feature, simply lift the lever to release the screw.
- When reassembling, ensure the screw is tightened securely but not excessively.
- Regularly check the screw for tightness and proper function.

4. Maintenance

- Clean the lever screw periodically to remove dirt or debris.
- Inspect for wear and replace if necessary.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the lever screw in regular household waste if it is deemed hazardous.
- Consider recycling options for metal components where available.

Contact Information for Further Support

For any questions or concerns regarding the &W 1854 Lever Screw, please contact your local retailer or refer to the manufacturer's website for additional support and resources.

By following these guidelines, you can ensure the safe and effective use of the &W 1854 Lever Screw (Texas) Tool Less Quick Takedown. Thank you for prioritizing safety and responsible firearm maintenance.
