# Safety Instruction Guide for 1854 Lever Quick Takedown Screws

## Introduction

Thank you for choosing the S&W 1854 Lever Quick Takedown Screws. These screws are designed for easy lever removal, allowing for thorough cleaning or addressing issues in the field. Please read this safety instruction guide carefully to ensure proper and safe use of the product.

## General Safety Guidelines

- Ensure that the product is used only as intended.
- Always follow the installation and usage instructions provided in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any signs of wear or damage to the screws.
- In case of any safety concerns or issues, report them immediately to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as gloves and safety glasses, when handling tools and performing installations.
- Use only compatible levers with the takedown screws to avoid accidents or injuries.
- Do not force the screws if they do not fit properly; check for compatibility and alignment.
- Ensure the working area is clear of obstacles and distractions during installation.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and ensure that you have a clean workspace.
- Inspect the 1854 Lever Quick Takedown Screws for any visible damage before use.

### 2. Installation

- Remove the original lever screw using an appropriate tool.
- Align the 1854 Lever Quick Takedown Screws with the lever assembly.
- Handtighten the screws until snug, ensuring a secure fit without overtightening.
- Use the large diameter, sixpoint star for a nonslip grasp during installation.

### 3. Usage

- To remove the lever, simply unscrew the takedown screws by reversing the installation process.
- Perform regular maintenance checks to ensure that the screws remain in good condition.

## Disposal Instructions

- Dispose of any used screws in accordance with local regulations for metal waste.
- Do not dispose of screws in household waste; check for recycling options in your area.

## Contact Information for Further Support
