

Marlin 1895 Sbl 45 70 Muzzle Brake - Marlin 1895 SBL 45-70 Comet Brake (black)

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

The Comet Brake is a sleek, precision-engineered muzzle brake designed specifically for the Ruger Marlin 1895 chambered in .45-70. Its streamlined port layout delivers a minimum of 25% recoil reduction, allowing for faster, more stable follow-up shots.

Crafted from durable Black Nitride Steel, it provides excellent wear resistance, corrosion protection, and a refined matte-black finish. The perfectly matched fit reduces muzzle flash without compromising accuracy or point of impact—ideal for shooters who demand control, consistency, and top-tier performance.

Key Benefits

At least 25% recoil reduction

Slim, low-profile design tailored for the Marlin 1895

Reduced muzzle flash for improved sight picture

Rugged black-nitride finish for maximum longevity

Easy installation with 11/16 x 24 TPI threading

Marlin 1895 SBL 4570 Comet Brake Safety Instructions

Introduction

Thank you for choosing the Marlin 1895 SBL 4570 Comet Brake. This product is designed to enhance your shooting experience by reducing recoil and improving stability. To ensure safe and effective use of the muzzle brake, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that the Comet Brake is installed correctly before using your firearm.
- Always treat your firearm as if it is loaded, even when you believe it is not.
- Keep the muzzle pointed in a safe direction at all times.
- Store the Comet Brake and your firearm in a secure location, away from children and unauthorized users.
- Be aware of your surroundings and ensure a clear shooting area before firing.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use only with the Marlin 1895 rifle chambered in .4570.
- Do not modify the Comet Brake or attempt to use it with other firearms.
- Always wear appropriate eye and ear protection while shooting.
- Inspect the Comet Brake for damage or wear before each use.
- Ensure the threading matches the specifications of your firearm (11/16 x 24 TPI).
- Avoid using the muzzle brake in extreme weather conditions that could affect performance.
- Be mindful of the increased noise level when using a muzzle brake.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is unloaded and safe to handle.
- Clean the muzzle of your Marlin 1895 to remove any debris or residue.
- Align the Comet Brake with the muzzle and screw it on clockwise until it is securely attached.
- Use a wrench to tighten the brake, but do not overtighten as this may cause damage.

2. Usage

- Once installed, check the alignment of the Comet Brake before firing.
- Fire the firearm in a safe environment, ensuring all safety precautions are followed.
- After use, inspect the brake for any signs of wear or damage.

Disposal Instructions

- Dispose of the Comet Brake in accordance with local regulations regarding metal products.
- If the product is damaged or no longer functional, do not attempt to repair it; instead, follow safe disposal practices.

Contact Information for Further Support

For any inquiries regarding the Comet Brake or safety concerns, please reach out to your local dealer or manufacturer's representative. It is essential to have access to reliable support for any product-related questions.

By following these safety instructions, you will help ensure a safe and enjoyable experience with your Marlin 1895 SBL 4570 Comet Brake. Always prioritize safety and responsible handling of your firearm. Thank you for your attention to these important guidelines.
