

# Lok 360 Buckhammer Quiver (Six Rounds) - M-LOK 360 Buckhammer Cartridge Quiver Six Rounds

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The M-LOK 360 Buckhammer Cartridge Quiver holds six rounds of 360 Buckhammer ammunition, ensuring quick and easy reloading. Featuring a proprietary O-ring retention system and sculpted protective bullet cups, it keeps your ammo secure even under rough conditions.

Features:

Capacity: Holds 6 rounds of 360 Buckhammer ammunition

Material: 6061 Aluminum, Type III Hard Anodized

Retention System: Proprietary O-ring system ensures secure retention, even in rough handling

Protection: Sculpted bullet cups protect cartridge tips from damage

Attachment: M-LOK, requires two adjacent M-LOK slots for mounting (not compatible with Marlin Dark Plastic Stock or Henry X with only one M-LOK slot)

Weather Resistance: Secure retention even in cold weather

# Safety Instruction Guide for the Lok 360 Buckhammer Quiver

## Introduction

Thank you for choosing the Lok 360 Buckhammer Quiver. This guide provides essential safety instructions to ensure the safe use and maintenance of your quiver. Please read this document thoroughly before using the product.

## General Safety Guidelines

- Ensure that the quiver is used only for its intended purpose, which is to hold six rounds of 360 Buckhammer ammunition.
- Always handle ammunition with care and follow standard safety protocols when loading and unloading.
- Keep the quiver out of reach of children and vulnerable individuals to prevent accidental handling.
- Regularly inspect the quiver for any signs of damage or wear. Do not use if damaged.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Secure Retention:** Always ensure that the proprietary Oring retention system is functioning properly to keep ammunition secure.
- **Rough Handling:** Avoid dropping or subjecting the quiver to rough impacts, as this may compromise its integrity and the safety of the ammunition.
- **Weather Conditions:** Although the quiver offers secure retention in cold weather, avoid exposing it to extreme temperatures for prolonged periods.
- **Compatibility:** Ensure that the quiver is mounted using two adjacent MLOK slots. It is not compatible with Marlin Dark Plastic Stock or Henry X with only one MLOK slot.
- **Proper Loading:** Load ammunition carefully, ensuring that each round is seated properly within the sculpted bullet cups to avoid damage to the cartridge tips.

## Instructions for Installation and Usage

### 1. Installation:

- Identify two adjacent MLOK slots on your firearm where the quiver will be mounted.
- Align the quiver with the MLOK slots.
- Secure the quiver in place using the appropriate hardware (not included) to ensure a tight fit.
- Doublecheck the installation to confirm that the quiver is firmly attached.

### 2. Usage:

- To load ammunition, gently press each round into the sculpted bullet cups until they are securely held in place.
- When ready to use, remove the rounds from the quiver as needed, ensuring that you handle them safely.
- After use, store the quiver in a dry, cool place away from direct sunlight and moisture.

## Disposal Instructions

- Dispose of the quiver in accordance with local regulations regarding metal and plastic waste.
- If the quiver is damaged beyond repair, ensure that it is not used again and is disposed of safely to

prevent any hazards.

## **Contact Information for Further Support**

For any inquiries regarding safety or product issues, please reach out to the designated contact point in your EU member state.

Thank you for your attention to these safety instructions. Enjoy using your Lok 360 Buckhammer Quiver safely and responsibly.
