

# TIMBR Core Kit - MDT Chassis - TIMBR Core - Ruger American - SA - RH - Core KIT

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT TIMBR CORE is the ultimate fusion of timeless craftsmanship and modern engineering. Built from solid walnut and reinforced with a proven aluminum micro-chassis, it combines the warmth of wood with the repeatability of metal.

Its integrated V-block bedding system locks your action perfectly in place—no bedding, no gunsmithing, no guesswork. Just torque it down and shoot with confidence. Whether you're in the whitetail woods or at the weekend range, the TIMBR CORE delivers reliability and precision every single time.

Every stock is one of a kind: the grain, color, and finish of the walnut are 100% unique, giving your rifle a character all its own. Beneath the smooth wooden exterior lies a rock-solid aluminum backbone that eliminates flex and ensures repeatable groups, shot after shot.

Ergonomic enhancements inspired by our chassis systems—refined grip angles, LOP spacers, and improved geometry—make the TIMBR CORE exceptionally comfortable without sacrificing the classic look and feel of a traditional wood stock.

MDT TIMBR CORE – Your rifle stock, your style, your precision.

# MDT TIMBR Core Kit Safety Instruction Guide

## Introduction

Thank you for choosing the MDT TIMBR Core Kit. This product combines traditional craftsmanship with modern engineering to provide a reliable and precise shooting experience. To ensure your safety and the proper use of this product, please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure safe use of the MDT TIMBR Core Kit by following all instructions provided in this guide.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Be aware of potential hazards associated with the use of firearms and accessories.
- Keep this product out of reach of children and vulnerable individuals.
- Regularly check for product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installation or maintenance.
- Use appropriate eye and ear protection when shooting.
- Inspect the MDT TIMBR Core Kit before each use for any signs of damage or wear.
- Do not modify the MDT TIMBR Core Kit in any way that could compromise its safety or performance.
- Always follow the manufacturer's torque specifications when securing components.
- Do not exceed the manufacturer's recommended ammunition specifications.
- Store the MDT TIMBR Core Kit in a secure location when not in use to prevent unauthorized access.

## Instructions for Installation and Usage

### Installation Instructions

#### 1. Preparation:

- Ensure you have all necessary tools and components before beginning installation.
- Read through the entire installation guide to familiarize yourself with the process.

#### 2. Removing the Existing Stock:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Use the appropriate tools to remove the existing stock from the firearm.
- Keep all screws and components in a safe place for future use.

#### 3. Installing the MDT TIMBR Core Kit:

- Position the MDT TIMBR Core Kit onto the firearm's action.
- Align the Vblock bedding system with the action.
- Secure the stock using the provided screws, following the manufacturer's torque specifications.
- Check that the stock is firmly attached and does not move.

#### 4. Final Inspection:

- Inspect the installation for any loose components.
- Ensure the firearm operates smoothly with the new stock.

## **Usage Instructions**

- Before shooting, always perform a safety check to ensure the firearm is functioning properly.
- Use the rifle in a safe and controlled environment, following all local laws and regulations.
- Maintain a proper shooting stance and grip to ensure control over the firearm.
- After shooting, clean and maintain the MDT TIMBR Core Kit according to the manufacturer's recommendations.

## **Disposal Instructions**

- Dispose of any packaging materials responsibly and in accordance with local waste disposal regulations.
- If the MDT TIMBR Core Kit is damaged or no longer in use, consider recycling components where possible.
- Follow local guidelines for the disposal of firearms and firearm accessories.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT TIMBR Core Kit, please refer to the manufacturer's website or contact their customer support for assistance. Ensure to have your product details ready for a quicker response.

By following these safety instructions, you will help ensure a safe and enjoyable experience with your MDT TIMBR Core Kit. Thank you for your attention to safety, and happy shooting!
