

3-20x50 PM II Ultra Short - 3-20x50 PM II Ultra Short LP MSR2 1cm cw DT35 MTC LT / ST ZC CT RAL 8000

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 3-20×50 PM II Ultra Short from Schmidt and Bender is a compact yet powerful riflescope engineered for high-performance engagements across medium to long distances. With its 3–20× magnification range and a 50 mm objective lens, it offers outstanding optical clarity and flexibility in a streamlined form factor.

Constructed around a robust 34 mm main tube, it maintains a length of approximately 340 mm and weighs around 900 g, striking an excellent balance between size and performance—ideal for mounting on compact platforms without compromising optics.

Its field of view spans roughly 13.0–2.1 m at 100 m, providing broad situational awareness at lower magnification and refined detail at the high end. The exit pupil ranges around 11.4–2.5 mm, and the eye relief is approximately 90 mm, supporting comfortable shooting in varied positions while maintaining strong light-gathering even as light fades.

Advanced features include first focal plane (FFP) illuminated reticle options, side parallax adjustment (from approx. 25 m to infinity), and a low-profile elevation turret optimized for tactical precision.

Key Specifications:

Magnification: 3–20×
Objective Lens Diameter: 50 mm
Main Tube Diameter: 34 mm
Field of View: approx. 13.0–2.1 m @100 m
Exit Pupil: approx. 11.4–2.5 mm
Eye Relief: approx. 90 mm
Length: approx. 340 mm
Weight: approx. 900 g

With precision optics, compact build, and rugged mechanical design, the 3-20×50 PM II Ultra Short is built for serious shooters who demand premium performance in a versatile package.

Safety Instructions for 3-20x50 PM II Ultra Short Riflescope

Introduction

Thank you for choosing the 3-20x50 PM II Ultra Short Riflescope by Schmidt and Bender. This guide provides important safety information and instructions for the safe use, installation, and disposal of your riflescope. Please read this guide carefully to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle the riflescope with care to avoid damage.
- Do not use the riflescope if it has been damaged or if you notice any signs of malfunction.
- Keep the riflescope out of reach of children and unauthorized users.
- Ensure that the riflescope is mounted securely to your firearm before use.
- Use the riflescope only for its intended purpose, which is for aiming and shooting with a compatible firearm.
- Be aware of your surroundings when using the riflescope to avoid accidents.

Specific Safety Precautions for Use

- **Eye Protection:** Always wear appropriate eye protection when using the riflescope to protect against potential injury from recoil or debris.
- **Environmental Considerations:** Avoid using the riflescope in extreme weather conditions, such as heavy rain or snow, as this may affect its performance.
- **Storage:** Store the riflescope in a cool, dry place when not in use. Avoid exposing it to extreme temperatures or humidity.
- **Cleaning:** Use a soft, lintfree cloth to clean the lenses. Do not use abrasive materials that could scratch the lens surface.

Instructions for Installation and Usage

1. Installation:

- Ensure that your firearm is unloaded before beginning installation.
- Select a suitable mounting location on your firearm that allows for comfortable aiming.
- Use the appropriate mounting rings for the 34 mm main tube diameter of the riflescope.
- Tighten the mounting rings securely but avoid overtightening, which could damage the scope.

2. Usage:

- Adjust the magnification as needed using the zoom ring.
- Use the side parallax adjustment to focus the reticle based on the distance to your target.
- Ensure that the eye relief (approximately 90 mm) is maintained for comfortable viewing.
- Always check the field of view (approx. 13.0-2.1 m at 100 m) to ensure you have a clear sight of your target.

Disposal Instructions

- Dispose of the riflescope in accordance with local regulations.
- Do not dispose of the riflescope in regular household waste.
- Contact your local waste management authority for information on proper disposal methods.

Contact Information for Further Support

For any safety inquiries or concerns regarding your 3-20x50 PM II Ultra Short Riflescope, please refer to the contact information provided by the manufacturer or retailer from whom you purchased the product.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and enjoyable experience with your new riflescope.
