

3-20x50 PM II Ultra Short - 3-20x50 PM II Ultra Short LP TR²ID 1cm cw DT35 MTC LT / ST ZC CT RAL 8000

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 3-20×50 PM II Ultra Short from Schmidt and Bender is a compact yet powerful riflescope engineered for high-performance engagements across medium to long distances. With its 3–20× magnification range and a 50 mm objective lens, it offers outstanding optical clarity and flexibility in a streamlined form factor.

Constructed around a robust 34 mm main tube, it maintains a length of approximately 340 mm and weighs around 900 g, striking an excellent balance between size and performance—ideal for mounting on compact platforms without compromising optics.

Its field of view spans roughly 13.0–2.1 m at 100 m, providing broad situational awareness at lower magnification and refined detail at the high end. The exit pupil ranges around 11.4–2.5 mm, and the eye relief is approximately 90 mm, supporting comfortable shooting in varied positions while maintaining strong light-gathering even as light fades.

Advanced features include first focal plane (FFP) illuminated reticle options, side parallax adjustment (from approx. 25 m to infinity), and a low-profile elevation turret optimized for tactical precision.

Key Specifications:

Magnification: 3–20×
Objective Lens Diameter: 50 mm
Main Tube Diameter: 34 mm
Field of View: approx. 13.0–2.1 m @100 m
Exit Pupil: approx. 11.4–2.5 mm
Eye Relief: approx. 90 mm
Length: approx. 340 mm
Weight: approx. 900 g

With precision optics, compact build, and rugged mechanical design, the 3-20×50 PM II Ultra Short is built for serious shooters who demand premium performance in a versatile package.

Safety Instruction Guide for the 3-20x50 PM II Ultra Short

Introduction

Thank you for choosing the 3-20x50 PM II Ultra Short riflescope by Schmidt and Bender. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read and follow these guidelines carefully.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the riflescope by following all instructions provided. This product is designed for highperformance shooting and should be used responsibly.
- **Enhanced Recalls:** Stay informed about any recall notices related to this product. If you receive a recall notice, follow the instructions provided to remedy the situation.
- **Online Shopping:** If purchased online, verify that the seller complies with safety requirements. Ensure that the product is genuine and in good condition upon arrival.
- **Special Consumer Focus:** This product is not intended for use by children. Keep the riflescope out of reach of minors to prevent accidents.
- **EU Contact Point:** For any safety inquiries, please refer to the manufacturer's contact information provided in the product documentation.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- **Use in Appropriate Conditions:** Only use the riflescope in suitable weather and lighting conditions. Avoid using it in extreme weather or low visibility situations.
- **Proper Handling:** Handle the riflescope with care. Avoid dropping or subjecting it to strong impacts that may damage the optical components.
- **Mounting:** Ensure the riflescope is securely mounted to the firearm. Follow the manufacturer's instructions for proper mounting techniques.
- **Shooting Safety:** Always follow safe shooting practices. Ensure that you are aware of your surroundings and that it is safe to shoot before taking aim.
- **Eye Protection:** Always wear appropriate eye protection while using the riflescope to prevent injury from recoil or debris.

Instructions for Installation and Usage

- **Installation:**

1. Ensure that the firearm is unloaded before mounting the riflescope.
2. Select a suitable mounting base that is compatible with the 34 mm main tube diameter.
3. Securely attach the riflescope to the mounting base, ensuring it is level and aligned with the barrel.
4. Tighten all screws according to the manufacturer's specifications to avoid any movement during use.

- **Usage:**

1. Adjust the magnification by turning the magnification ring to the desired level (3-20x).
2. Focus the reticle by adjusting the eyepiece until the reticle appears sharp.
3. Use the side parallax adjustment to ensure accuracy at your shooting distance (from approx. 25 m to infinity).

4. Utilize the illuminated reticle options for better visibility in low light conditions.
5. Maintain a proper shooting position to ensure comfort and stability while aiming.

Disposal Instructions

- **Environmental Considerations:** Dispose of the riflescope in accordance with local regulations regarding electronic waste and optics.
- **Recycling:** If possible, recycle components of the riflescope to minimize environmental impact.

Contact Information for Further Support

For any additional questions or concerns regarding the 3-20x50 PM II Ultra Short riflescope, please refer to the manufacturer's contact information provided in the product documentation.

By adhering to these safety instructions, you can ensure a safe and enjoyable experience with your 3-20x50 PM II Ultra Short riflescope. Thank you for your attention to safety and responsible usage.
