

3-20x50 PM II Ultra Short

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 3-20×50 PM II Ultra Short from Schmidt and Bender is a compact yet powerful riflescope engineered for high-performance engagements across medium to long distances. With its 3-20× magnification range and a 50 mm objective lens, it offers outstanding optical clarity and flexibility in a streamlined form factor.

Constructed around a robust 34 mm main tube, it maintains a length of approximately 340 mm and weighs around 900 g, striking an excellent balance between size and performance—ideal for mounting on compact platforms without compromising optics.

Its field of view spans roughly 13.0–2.1 m at 100 m, providing broad situational awareness at lower magnification and refined detail at the high end. The exit pupil ranges around 11.4–2.5 mm, and the eye relief is approximately 90 mm, supporting comfortable shooting in varied positions while maintaining strong light-gathering even as light fades.

Advanced features include first focal plane (FFP) illuminated reticle options, side parallax adjustment (from approx. 25 m to infinity), and a low-profile elevation turret optimized for tactical precision.

Key Specifications:

Magnification: 3-20×
Objective Lens Diameter: 50 mm
Main Tube Diameter: 34 mm
Field of View: approx. 13.0-2.1 m @100 m
Exit Pupil: approx. 11.4-2.5 mm
Eye Relief: approx. 90 mm
Length: approx. 340 mm
Weight: approx. 900 g

With precision optics, compact build, and rugged mechanical design, the 3-20×50 PM II Ultra Short is built for serious shooters who demand premium performance in a versatile package.

Attributes

- Name: [3-20x50 PM II Ultra Short](#)
- Manufacturer: [SCHMIDT U. BENDER](#)
- Product no.: EU2015791
- Mfr. No.: 667-945-532-F2-E9
- Colour: FDE
- Delivery weight: 2kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 450mm

Safety Instruction Guide for the 3-20x50 PM II Ultra Short Riflescope

Introduction

Thank you for choosing the 3-20x50 PM II Ultra Short Riflescope by Schmidt and Bender. This guide provides essential safety instructions to ensure safe and effective use of your product. Please read this guide carefully to understand how to use the riflescope safely and responsibly.

General Safety Guidelines

- **Product Safety:** This riflescope is designed for safe use. Ensure you follow all instructions to minimize risks.
- **Enhanced Recalls:** Stay informed about any recall notices related to this product. If a recall is issued, follow the instructions provided for remedies.
- **Online Shopping:** If purchased online, ensure the retailer complies with EU safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Always supervise its use in environments where children are present.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point provided by your retailer.
- **Rapid Alerts:** Check the EU's Safety Gate platform for updates on product safety and recalls.

Specific Safety Precautions for Use

- **Handling:** Always handle the riflescope with care to avoid damage. Avoid dropping or knocking the product.
- **Mounting:** Ensure the riflescope is securely mounted on your firearm to prevent it from becoming loose during use.
- **Eye Protection:** Always wear appropriate eye protection when using the riflescope to safeguard against potential recoil or debris.
- **Target Awareness:** Ensure you are aware of your surroundings and the target area before using the riflescope.
- **Weather Conditions:** Avoid using the riflescope in extreme weather conditions that may affect visibility or safety, such as heavy rain or fog.
- **Maintenance:** Regularly check and maintain the riflescope to ensure optimal performance and safety.

Instructions for Installation and Usage

1. Installation:

- Select a suitable mounting platform on your firearm that can accommodate a 34 mm main tube.
- Securely attach the riflescope using the provided mounting rings or bases, ensuring it is aligned and tightened according to manufacturer specifications.
- Adjust the riflescope to your desired position for optimal eye relief (approx. 90 mm).

2. Usage:

- **Adjusting Magnification:** Use the magnification ring to set the desired level of magnification (3-20x).
- **Parallax Adjustment:** Adjust the side parallax control to ensure a clear sight picture based on your distance to the target (from approx. 25 m to infinity).
- **Illuminated Reticle:** If using the illuminated reticle, ensure it is set to an appropriate brightness level for the current lighting conditions.

- **Field of View:** Be aware of your field of view (approx. 13.0–2.1 m at 100 m) to maintain situational awareness while aiming.

Disposal Instructions

- **Environmental Considerations:** Dispose of the riflescope in accordance with local regulations regarding electronic and optical equipment.
- **Recycling:** If applicable, recycle the product at designated recycling centers to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the use, maintenance, or safety of your 3–20x50 PM II Ultra Short Riflescope, please refer to the contact information provided by your retailer or manufacturer.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your riflescope. Always prioritize safety and responsibility when using firearms and related equipment.
