

3-20x50 PM II Ultra Short - 5-20x50 PM II Ultra Short LPI P4FL 1cm cw DT35 MTC LT / ST ZC CT

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 3-20×50 PM II Ultra Short from Schmidt and Bender is a compact yet powerful riflescope engineered for high-performance engagements across medium to long distances. With its 3–20× magnification range and a 50 mm objective lens, it offers outstanding optical clarity and flexibility in a streamlined form factor.

Constructed around a robust 34 mm main tube, it maintains a length of approximately 340 mm and weighs around 900 g, striking an excellent balance between size and performance—ideal for mounting on compact platforms without compromising optics.

Its field of view spans roughly 13.0–2.1 m at 100 m, providing broad situational awareness at lower magnification and refined detail at the high end. The exit pupil ranges around 11.4–2.5 mm, and the eye relief is approximately 90 mm, supporting comfortable shooting in varied positions while maintaining strong light-gathering even as light fades.

Advanced features include first focal plane (FFP) illuminated reticle options, side parallax adjustment (from approx. 25 m to infinity), and a low-profile elevation turret optimized for tactical precision.

Key Specifications:

Magnification: 3–20×
Objective Lens Diameter: 50 mm
Main Tube Diameter: 34 mm
Field of View: approx. 13.0–2.1 m @100 m
Exit Pupil: approx. 11.4–2.5 mm
Eye Relief: approx. 90 mm
Length: approx. 340 mm
Weight: approx. 900 g

With precision optics, compact build, and rugged mechanical design, the 3-20×50 PM II Ultra Short is built for serious shooters who demand premium performance in a versatile package.

Attributes

- Name: [5-20x50 PM II Ultra Short LPI P4FL 1cm cw DT35 MTC LT / ST ZC CT](#)
- Manufacturer: [SCHMIDT U. BENDER](#)
- Product no.: EU2015805
- Mfr. No.: 173-911-972-F2-E9
- Colour: Black
- Delivery weight: 2kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 450mm
- EAN: 4060537063714

Safety Instruction Guide for the 3-20x50 PM II Ultra Short Riflescope

Introduction

Thank you for choosing the 3-20x50 PM II Ultra Short from Schmidt and Bender. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your riflescope. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the riflescope is used only for its intended purpose as a sighting device for firearms.
- Always handle firearms and associated equipment responsibly and in accordance with local laws and regulations.
- Keep the riflescope out of reach of children and unauthorized users.
- Regularly check for any signs of damage or wear on the riflescope, and do not use it if any defects are found.
- Be aware of your surroundings and ensure that you have a clear line of sight before using the riflescope.
- Follow all safety instructions provided with your firearm, as they apply to the use of the riflescope as well.

Specific Safety Precautions for Use

- Before mounting the riflescope, ensure that the firearm is unloaded and pointed in a safe direction.
- When adjusting the magnification, do so while maintaining a stable grip on the firearm to avoid accidental discharge.
- Do not look directly at the sun or any bright light source through the riflescope, as this may cause permanent eye damage.
- Use the riflescope in accordance with the manufacturer's guidelines to maintain optimal performance and safety.
- Ensure that the riflescope is securely mounted to prevent it from becoming loose during use.
- Always wear appropriate eye protection while using firearms equipped with a riflescope.

Instructions for Installation and Usage

1. Mounting the Riflescope:

- Select a compatible mounting base that fits your firearm.
- Securely attach the riflescope to the mounting base using the provided screws and tools.
- Ensure that the riflescope is aligned properly with the barrel of the firearm.

2. Adjusting the Settings:

- Adjust the magnification by rotating the magnification ring to your desired level (3-20x).
- Use the side parallax adjustment to set the focus according to the distance of your target (from approx. 25 m to infinity).
- Adjust the elevation turret for precise targeting, ensuring it is set to your preferred zeroing distance.

3. Using the Riflescope:

- Position your eye approximately 90 mm from the eyepiece to ensure a clear field of view.
- Look through the riflescope and adjust the focus if necessary to ensure a sharp image.
- Take care to maintain a stable shooting position and be aware of your surroundings.

4. PostUse Care:

- After use, clean the lenses with a soft, lintfree cloth to remove any dirt or smudges.
- Store the riflescope in a protective case to prevent damage when not in use.

Disposal Instructions

- Dispose of the riflescope and any associated materials in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling components where possible to minimize environmental impact.

Contact Information for Further Support

For any inquiries regarding the safety and usage of the 3-20x50 PM II Ultra Short riflescope, please consult the manufacturer's website or contact your local distributor for assistance.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your riflescope. Always prioritize safety and responsibility in every aspect of firearm handling and usage.
