

3-20x50 PM II Ultra Short - 5-20x50 PM II Ultra Short LPI TREMOR5 1cm ccw DT27 MTC LT / ST ZC CT RAL 8000

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 3-20×50 PM II Ultra Short from Schmidt and Bender is a compact yet powerful riflescope engineered for high-performance engagements across medium to long distances. With its 3–20× magnification range and a 50 mm objective lens, it offers outstanding optical clarity and flexibility in a streamlined form factor.

Constructed around a robust 34 mm main tube, it maintains a length of approximately 340 mm and weighs around 900 g, striking an excellent balance between size and performance—ideal for mounting on compact platforms without compromising optics.

Its field of view spans roughly 13.0–2.1 m at 100 m, providing broad situational awareness at lower magnification and refined detail at the high end. The exit pupil ranges around 11.4–2.5 mm, and the eye relief is approximately 90 mm, supporting comfortable shooting in varied positions while maintaining strong light-gathering even as light fades.

Advanced features include first focal plane (FFP) illuminated reticle options, side parallax adjustment (from approx. 25 m to infinity), and a low-profile elevation turret optimized for tactical precision.

Key Specifications:

Magnification: 3–20×
Objective Lens Diameter: 50 mm
Main Tube Diameter: 34 mm
Field of View: approx. 13.0–2.1 m @100 m
Exit Pupil: approx. 11.4–2.5 mm
Eye Relief: approx. 90 mm
Length: approx. 340 mm
Weight: approx. 900 g

With precision optics, compact build, and rugged mechanical design, the 3-20×50 PM II Ultra Short is built for serious shooters who demand premium performance in a versatile package.

Safety Instruction Guide for 3-20x50 PM II Ultra Short Riflescope

Introduction

Thank you for choosing the 3-20x50 PM II Ultra Short Riflescope from Schmidt and Bender. This guide provides essential safety information to ensure safe use and optimal performance of your riflescope. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the riflescope is used only for its intended purpose as a sighting device for firearms.
- Always handle firearms with care and follow all local laws and regulations regarding firearm usage.
- Keep the riflescope out of reach of children and unauthorized users.
- Regularly inspect the riflescope for any signs of damage or wear. Do not use a damaged riflescope.
- Store the riflescope in a cool, dry place when not in use to prevent damage from humidity or extreme temperatures.
- Be aware of your surroundings when using the riflescope to avoid accidents or injuries.

Specific Safety Precautions for Use

- Always use the riflescope in a safe and controlled environment.
- Ensure that you have a clear line of sight before aiming and shooting.
- Use appropriate eye protection when using firearms equipped with the riflescope.
- Do not look directly at the sun through the riflescope, as this may cause severe eye damage.
- Adjust the riflescope settings (magnification, parallax, etc.) only when the firearm is pointed in a safe direction.
- Always keep the riflescope and firearm pointed in a safe direction, even when loading or unloading.

Instructions for Installation and Usage

1. Installation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Mount the riflescope securely on the firearm using the appropriate rings and bases.
- Tighten the mounting screws evenly to avoid misalignment.
- Confirm that the riflescope is level and aligned with the barrel.

2. Usage:

- Adjust the magnification by rotating the magnification ring to your desired level (3-20x).
- Check the eye relief by positioning your eye at the recommended distance (approximately 90 mm).
- Use the side parallax adjustment to focus on targets at varying distances (from approx. 25 m to infinity).
- Ensure that the illuminated reticle is functioning correctly before shooting.

3. Maintenance:

- Clean the lenses with a soft, lintfree cloth to avoid scratches.
- Avoid using harsh chemicals or abrasive materials on the lenses or body of the riflescope.
- Regularly check and tighten all mounting screws to maintain stability.

Disposal Instructions

- Dispose of the riflescope in accordance with local regulations.
- Do not dispose of the riflescope in regular household waste.
- Consider returning the product to the manufacturer or a designated recycling center for proper disposal.

Contact Information for Further Support

For any questions or concerns regarding the 3-20x50 PM II Ultra Short Riflescope, please refer to the manufacturer's website or customer support resources for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your 3-20x50 PM II Ultra Short Riflescope. Thank you for prioritizing safety and responsible usage.
