

# Aluminum Handguard - Marlin Aluminum Handguard

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The MAHG is a precision CNC-machined aluminum handguard designed for Marlin lever-action rifles, specifically compatible with Marlin 1895 and 336 models that do not have barrel bands.

## Key Features

High-Quality Material Made from 6061 billet aluminum for outstanding strength, durability, and lightweight performance.

Dedicated Lever-Action Design Fits Marlin 1895 and 336 lever-action rifles without traditional barrel bands, preserving the classic profile while enhancing functionality.

Enhanced Heat Management Helps dissipate barrel heat more efficiently than standard wood or polymer forearms, improving comfort during extended shooting sessions.

Modern Styling with Practicality Offers a sleek, tactical look without compromising traditional lever-action aesthetics.

Easy Installation Designed to replace the factory handguard with basic hand tools.

Precision Craftsmanship Made with tight tolerances for a secure, reliable fit and long-lasting performance.

# Aluminum Handguard Safety Instructions

## Introduction

Thank you for choosing the Aluminum Handguard designed for Marlin leveraction rifles. This safety instruction guide provides essential information to ensure safe installation and usage of your handguard. Please read this guide carefully and follow all safety precautions to enhance your shooting experience.

## General Safety Guidelines

- Always handle firearms with care and respect. Treat every firearm as if it is loaded.
- Ensure the firearm is unloaded before installing or handling the handguard.
- Store the handguard and all firearm accessories out of reach of children and unauthorized users.
- Regularly inspect the handguard for any signs of wear or damage.
- If you notice any defects or issues, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Ensure that the handguard is compatible with your specific Marlin model (1895 or 336) that does not have barrel bands.
- Avoid using the handguard in extreme temperatures or environments that may compromise its integrity.
- Do not exceed the manufacturer's recommended weight limit for attachments on the handguard.
- Be cautious of heat buildup during extended shooting sessions. Allow the handguard to cool down before handling.
- Always wear appropriate safety gear, including eye protection, when using firearms.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather necessary tools: a basic set of hand tools.
- Ensure the firearm is unloaded and pointed in a safe direction.

### 2. Installation:

- Remove the existing handguard by following the manufacturer's instructions for your Marlin model.
- Align the Aluminum Handguard with the mounting points on the rifle.
- Secure the handguard in place using the provided hardware and tighten to ensure a snug fit.
- Doublecheck that the handguard is securely attached before use.

### 3. Usage:

- When using your rifle with the new handguard, maintain a proper shooting stance.
- Regularly check the handguard during shooting sessions for any signs of loosening or wear.
- Clean the handguard regularly with a soft cloth to maintain its appearance and functionality.

## Disposal Instructions

- Dispose of the handguard in accordance with local regulations regarding aluminum recycling.
- If the handguard is damaged beyond use, ensure it does not pose a safety risk to others during disposal.

## **Contact Information for Further Support**

For any inquiries regarding safety or installation, please refer to the manufacturer's contact information provided with your product packaging.

By following these guidelines, you can ensure a safe and enjoyable experience with your Aluminum Handguard. Thank you for your attention to safety.
