

# Ckye-Pod Gen 3 - MDT Accessories - Ckye-Pod Gen 3 - Single Pull - AP Throw Lever - BLK

[Shooting Accessories](#) > [Bipods, Monopods & Accessories](#) > [Bipods](#)

The MDT CKYE-POD Gen 2 Single Pull Standard is a highly versatile and competition-proven bipod designed for maximum stability, speed, and adaptability. Built for precision shooters and demanding hunters, it delivers exceptional performance in any position or terrain.

## Key Features

**Single-Pull Height Adjustment** Adjust the leg length quickly with one hand - fast, smooth, and efficient.

**Three Leg Locking Positions** Legs can be locked in three angles: folded, angled, and fully deployed.

**Wide Height Range** Standard legs offer an adjustable height from approximately 9 up to 15 inches.

**Extreme Cant Adjustment** Up to  $\pm 170^\circ$  of cant allows perfect rifle leveling on uneven ground.

**Full 360° Pan Capability** Rotate the rifle smoothly for target transitions; certain models allow panning to be locked.

**Integrated Barricade Stop** Provides enhanced stability when shooting off barricades or obstacles.

**Aggressive Feet for Maximum Grip** Comes with spiked feet for excellent traction on various surfaces. Compatible with Atlas-style rubber feet if preferred.

**Premium Construction** Machined from hard-anodized aluminum, offering high strength with reduced weight.

**Independent Tension Controls** Separate tension adjustments for pan and cant movements for complete customization.

**Refined Finish** Smoothed edges and a clean finish for a comfortable, non-abrasive feel.

# CkyePod Gen 3 MDT Accessories Safety Instruction Guide

## Introduction

Thank you for choosing the CkyePod Gen 3 MDT Accessories. This guide provides essential safety instructions and guidelines to ensure the safe use of your bipod. Please read this document carefully before using the product to understand the potential hazards and how to avoid them.

## General Safety Guidelines

- Always inspect the CkyePod Gen 3 before use for any signs of damage or wear.
- Ensure that the bipod is properly secured before setting up your rifle.
- Use the bipod only for its intended purpose as a shooting accessory.
- Keep the bipod out of reach of children and pets when not in use.
- Do not modify or alter the bipod in any way, as this may compromise its safety and performance.
- Be aware of your surroundings and ensure a safe shooting environment.
- Follow all local laws and regulations regarding the use of firearms and shooting accessories.

## Specific Safety Precautions for Use

- **Height Adjustment:** When adjusting the leg length, ensure your hands are clear of moving parts to avoid pinching.
- **Leg Locking Positions:** Always confirm that the legs are locked securely in place before shooting.
- **Cant Adjustment:** Be cautious when adjusting the cant to avoid sudden movements that could lead to loss of control.
- **Panning Capability:** When using the full 360° pan capability, maintain a firm grip on the rifle to prevent accidental slips.
- **Barricade Stop:** Ensure that the barricade stop is engaged when shooting off obstacles to maintain stability.
- **Foot Traction:** Use the spiked feet on stable surfaces to prevent slipping; consider switching to rubber feet for softer ground conditions.
- **Weight Limit:** Do not exceed the recommended weight limit of the bipod to prevent failure.

## Instructions for Installation and Usage

### 1. Setup:

- Open the bipod by pulling the legs down until they are fully extended.
- Adjust the height by pulling the leg adjustment lever with one hand while holding the bipod steady with the other.

### 2. Leg Locking:

- Once the desired height is achieved, ensure the legs are locked in place by pressing the locking mechanism until you hear a click.

### 3. Cant Adjustment:

- To adjust the cant, loosen the tension control knob, tilt the bipod to the desired angle, and then tighten the knob to secure.

### 4. Panning:

- For target transitions, rotate the rifle while maintaining a firm grip; ensure the panning feature is locked if necessary.

#### **5. Barricade Shooting:**

- Position the bipod against the barricade or obstacle, and engage the barricade stop for enhanced stability.

#### **6. Disassembly:**

- To disassemble, reverse the setup process by releasing the leg locks and retracting the legs carefully.

## **Disposal Instructions**

- Dispose of the CkyePod Gen 3 in accordance with local regulations.
- If the product is damaged beyond repair, please recycle materials where possible.
- Do not dispose of the bipod in household waste.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the CkyePod Gen 3, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and enjoyable experience with your CkyePod Gen 3 MDT Accessories. Always prioritize safety and be aware of your surroundings while using shooting accessories.
