

HOWA LONG ACTION - LONG ACTION GRN SYN

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The Long Action HB Green Synthetic stock is a robust, precision-oriented upgrade designed for long-action rifles equipped with a heavy-barrel (HB) profile. Engineered for strength, stability, and consistent accuracy, this stock is ideal for long-range shooters, hunters using magnum calibers, and anyone seeking a durable, weather-resistant platform for high-performance shooting.

- **Heavy-Barrel Compatible (HB)** Designed specifically to accommodate long-action receivers with heavy-barrel contours. The enlarged barrel channel provides a perfect fit without modification, ensuring optimal free-float performance.
- **Long-Action Design** Built for long-action rifle systems, supporting cartridges used for long-range and magnum performance. The internal structure offers secure bedding for enhanced precision and repeatable shot placement.
- **Green Synthetic Construction** Crafted from impact-resistant, reinforced synthetic material that withstands recoil, temperature changes, and rough field conditions. The matte green finish reduces reflections and blends well in tactical or hunting environments.
- **Rigid and Stable Shooting Platform** The stock's reinforced architecture reduces flex under recoil, providing superior stability compared to traditional wood stocks—especially when firing heavy calibers.
- **Lightweight and Weatherproof** Synthetic construction resists moisture, warping, cracking, and swelling, making it ideal for all-weather use, from mountain hunts to range sessions.
- **Ergonomic Grip and Forend** Designed for long shooting sessions, the stock features a comfortable grip, stable forend, and overall geometry optimized for recoil control and natural pointing.

HOGUE HOWA LONG ACTION LONG ACTION GRN SYN Safety Instructions

Introduction

Thank you for choosing the HOGUE HOWA LONG ACTION LONG ACTION GRN SYN stock for your longaction rifle. This guide provides important safety information, general guidelines, and instructions to ensure safe and effective use of your product. Please read this manual carefully before using the stock.

General Safety Guidelines

- Ensure that the stock is compatible with your longaction rifle before installation.
- Always handle firearms with care and follow all safety protocols.
- Keep firearms pointed in a safe direction at all times.
- Store the stock and rifle in a secure location, away from children and unauthorized users.
- Regularly inspect the stock for any signs of damage or wear. Do not use if damaged.
- Be aware of your surroundings when shooting, including the potential for ricochets and backstops.
- Always wear appropriate safety gear, including eye and ear protection, when shooting.

Specific Safety Precautions for Use

- **Compatibility:** This stock is designed for rifles with a heavybarrel (HB) profile. Ensure your rifle meets this requirement.
- **Installation:** Follow the installation instructions carefully to avoid improper fitting, which could lead to malfunction or injury.
- **Recoil Management:** The stock is built to withstand recoil. However, maintain a firm grip and proper stance while shooting.
- **Environmental Considerations:** The synthetic material is weatherresistant, but avoid exposing it to extreme conditions for prolonged periods.
- **Age Warning:** This product is not intended for use by individuals under the age of 18 without adult supervision.

Instructions for Installation and Usage

1. Installation:

- Remove the existing stock from your rifle by following the manufacturer's instructions.
- Align the HOGUE HOWA LONG ACTION LONG ACTION GRN SYN stock with the rifle's action and ensure it fits securely.
- Use the appropriate screws and tools to fasten the stock to the rifle. Do not overtighten, as this may damage the stock or rifle.
- Check that the barrel is properly freefloated by ensuring there is no contact between the barrel and the stock.

2. Usage:

- Before firing, ensure the rifle is unloaded and the safety is engaged.
- When ready to shoot, disengage the safety, take aim, and maintain a stable shooting position.
- After shooting, reengage the safety and unload the firearm before handling or making adjustments.

Disposal Instructions

- Dispose of the stock responsibly. If the stock is damaged or no longer usable, check local regulations for proper disposal methods.
- Consider recycling options for synthetic materials if available in your area.

Contact Information for Further Support

For any safety inquiries or further support regarding the HOGUE HOWA LONG ACTION LONG ACTION GRN SYN stock, please reach out to the appropriate EUbased contact point for assistance.

Conclusion

By following these safety instructions, you can enjoy the benefits of your HOGUE HOWA LONG ACTION LONG ACTION GRN SYN stock while ensuring a safe shooting experience. Always prioritize safety and responsible firearm handling. Thank you for your attention to these important guidelines.
