

REMINGTON MODEL 700 W/SAFETY - THE HIT (8oz - 2lb) - REMINGTON 700, RIGHT HAND, NICKEL PLATED **8oz**

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

Thanks to the growing popularity of long-range shooting, Timney Triggers customers have been clamoring for a purpose-built long range trigger that's perfect for precision Remington 700 actions and clones. With the Timney Hit trigger, company engineers condensed all of these features demanded by Timney customers into one perfect trigger designed to aid long-range shooters in ringing steel. The Timney Hit trigger rises above other Model 700 triggers in the company's lineup, thanks to an all-new geometry that's easy to use and adjustable from 8 ounces to 2 pounds. Each component inside the Hit trigger is machined. There are no MIM parts inside the trigger, nor are there any stamped components. Every piece is a solid chunk of metal that's designed to last and provide premium performance. The Timney Hit trigger is available with either straight or curved trigger shoes, and the triggers can be had in black or nickel finishes.

Safety Instruction Guide for REMINGTON MODEL 700 W/SAFETY THE HIT (8oz 2lb)

Introduction

Thank you for choosing the REMINGTON MODEL 700 W/SAFETY THE HIT trigger. This guide provides essential safety information to ensure the safe use of your product. Please read this document carefully before installation and usage.

General Safety Guidelines

- Ensure that all users are familiar with the operation and safety features of the trigger.
- Always treat the firearm as if it is loaded, even if you believe it to be unloaded.
- Keep the trigger and firearm out of reach of children and unauthorized users.
- Use the trigger only in accordance with the manufacturer's instructions and applicable laws.
- Regularly inspect the trigger for any signs of wear or damage.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not exceed the specified weight range of 8 ounces to 2 pounds for the trigger pull.
- Ensure the firearm is pointed in a safe direction at all times during installation and usage.
- Avoid modifying the trigger or using it in a manner not intended by the manufacturer.
- Always wear appropriate eye and ear protection when shooting.
- Be aware of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing trigger according to the manufacturer's instructions.
- Install the Timney Hit trigger by following these steps:
 - Align the trigger with the mounting points.
 - Secure the trigger using the provided screws.
 - Doublecheck that all components are tightly fastened before proceeding.

2. Adjusting the Trigger:

- The trigger pull weight can be adjusted between 8 ounces and 2 pounds.
- Use the adjustment screw located on the trigger mechanism to set the desired weight.
- Make small adjustments and test the trigger pull after each adjustment to ensure safety and performance.

3. Usage:

- Familiarize yourself with the trigger's operation before using it in a live shooting scenario.
- Always perform a function check before shooting to ensure the trigger operates correctly.
- If you experience any malfunctions during use, cease operation immediately and inspect the trigger.

Disposal Instructions

- Dispose of the trigger in accordance with local regulations regarding metal waste.
- Do not dispose of the trigger in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the REMINGTON MODEL 700 W/SAFETY THE HIT trigger, please refer to the manufacturer's contact information provided with your purchase. It is important to have a reliable contact for safety inquiries.

Conclusion

By following these safety instructions, you can help ensure a safe and enjoyable experience with your REMINGTON MODEL 700 W/SAFETY THE HIT trigger. Always prioritize safety in all aspects of firearm handling and operation.
