

REMINGTON MODEL 700 W/SAFETY - THE HIT (8oz - 2lb) - REMINGTON 700, LEFT HAND, NICKEL PLATED, STRAIGHT **8oz**

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

Thanks to the growing popularity of long-range shooting, Timney Triggers customers have been clamoring for a purpose-built long range trigger that's perfect for precision Remington 700 actions and clones. With the Timney Hit trigger, company engineers condensed all of these features demanded by Timney customers into one perfect trigger designed to aid long-range shooters in ringing steel. The Timney Hit trigger rises above other Model 700 triggers in the company's lineup, thanks to an all-new geometry that's easy to use and adjustable from 8 ounces to 2 pounds. Each component inside the Hit trigger is machined. There are no MIM parts inside the trigger, nor are there any stamped components. Every piece is a solid chunk of metal that's designed to last and provide premium performance. The Timney Hit trigger is available with either straight or curved trigger shoes, and the triggers can be had in black or nickel finishes.

Safety Instruction Guide for REMINGTON MODEL 700 W/SAFETY THE HIT

Introduction

Thank you for purchasing the REMINGTON MODEL 700 W/SAFETY THE HIT trigger. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the trigger is compatible with your firearm before installation.
- Always handle firearms with care and follow all standard firearm safety practices.
- Keep the trigger and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the trigger for any signs of wear or damage.
- Do not modify the trigger or use it in a manner not specified by the manufacturer.
- If you experience any issues or malfunctions, cease use immediately and consult a qualified gunsmith.

Specific Safety Precautions for Use

- Always ensure the firearm is pointed in a safe direction when handling or adjusting the trigger.
- Use appropriate eye and ear protection when firing.
- Be aware of your surroundings and ensure a clear line of fire before shooting.
- Only use ammunition that is specified for your firearm.
- Avoid using the trigger in wet or damp conditions to prevent corrosion.
- Do not exceed the weight adjustment range of 8 ounces to 2 pounds.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing trigger according to your firearm's manual.
- Install the Timney Hit trigger by following these steps:
 - Align the trigger with the trigger housing.
 - Secure the trigger using the provided screws.
 - Ensure all components are tight and secure before proceeding.

2. Adjustment:

- Adjust the trigger weight by turning the adjustment screw:
 - Clockwise to increase weight.
 - Counterclockwise to decrease weight.
- Test the trigger after each adjustment to ensure proper function.

3. Usage:

- Before each use, check that the trigger is functioning correctly.
- Practice safe firearm handling techniques at all times.
- Familiarize yourself with the trigger's feel and response before engaging in longrange shooting.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the trigger in regular household waste.
- Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or further assistance, please reach out to the manufacturer or a qualified firearms expert. Ensure that you have the product details available for a more efficient response.

Thank you for prioritizing safety while using the REMINGTON MODEL 700 W/SAFETY THE HIT trigger. Your adherence to these guidelines will help ensure a safe and enjoyable shooting experience.
