[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

Timney is the industry leader in replacement triggers for Remington rifles, and this model represents the benchmark for two-stage performance.

Designed as a true drop-in trigger, it installs easily with no gunsmithing required. The Timney-engineered trigger blocking safety ensures maximum reliability, preventing trigger movement while on safe.

Factory-calibrated and ready to shoot right out of the box, the trigger can also be fully customized to match your preferences. Adjust sear engagement (creep), overtravel (follow-through), and pull weight to achieve a clean, consistent break.

The two-stage pull is purpose-built for shooters who prefer a defined first stage and a crisp second stage on the Model 700 platform—enhancing control, consistency, and overall accuracy.

# Safety Instruction Guide for REMINGTON 700 (2) STAGE TRIGGERS W/SAFETY

## Introduction

Thank you for choosing the REMINGTON 700 (2) STAGE TRIGGERS. This guide provides essential safety instructions and guidelines to ensure the safe use of your product. Please read this manual carefully before installation and usage to understand how to operate the trigger safely and effectively.

## General Safety Guidelines

- Ensure that you are familiar with the operation of firearms and the specific model of your Remington rifle.
- Always treat every firearm as if it is loaded, even if you believe it is not.
- Keep firearms pointed in a safe direction at all times.
- Store firearms and ammunition securely and out of reach of children and unauthorized users.
- Use appropriate safety gear, including eye and ear protection, when shooting.
- Always follow local laws and regulations regarding firearm ownership and usage.

## Specific Safety Precautions for Use

- The REMINGTON 700 (2) STAGE TRIGGERS are designed for use with the Remington 700 model. Do not use them with other models.
- Ensure that the safety mechanism is engaged when the firearm is not in use.
- Do not modify the trigger or any of its components beyond the manufacturer's specifications.
- Regularly inspect the trigger for wear and tear. If you notice any damage, do not use the trigger until it has been inspected and repaired by a qualified gunsmith.
- Be aware of your surroundings and ensure that the shooting area is clear of people and obstacles.
- Always check that the firearm is unloaded before performing any maintenance or adjustments.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the firearm is completely unloaded and the safety is engaged.
- Remove the existing trigger according to the manufacturer's instructions.
- Carefully install the REMINGTON 700 (2) STAGE TRIGGERS by following these steps:
  - Align the trigger assembly with the receiver of the rifle.
  - Secure the trigger in place using the original screws and ensure they are tightened to the manufacturer's specifications.
  - Test the trigger to ensure it is functioning correctly before using the firearm.

### 2. Usage:

- Familiarize yourself with the twostage trigger operation:
  - The first stage has a pull weight of 8oz, which allows you to take up the slack.
  - The second stage is adjustable between 8oz and 2lb, allowing you to customize the trigger pull to your preference.
- Adjust the sear engagement (creep), overtravel (followthrough), and pull weight according to your comfort and shooting style.
- Always practice safe handling and shooting techniques when using your firearm.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding electronic and firearm components.
- Do not dispose of the product in household waste. Instead, take it to a designated collection point for hazardous materials if applicable.

## **Contact Information for Further Support**

For any safety inquiries, product support, or concerns, please refer to the manufacturer's contact information provided with your product packaging or visit the official website.

By adhering to these safety guidelines, you will help ensure a safe and enjoyable experience with your REMINGTON 700 (2) STAGE TRIGGERS. Always prioritize safety and responsibility when handling firearms.
