

Lever Action Triggers (Pull weight is not adjustable) - Marlin Lever Action Trigger for Model 336, 1894, and 1895 - 3-3.5lb Pull - Nickel - Straight

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

Whether you compete in cowboy action shooting, enjoy casual range time, or head into the field as a dedicated hunter, one principle always holds true: a rifle can only be as good as its trigger. For shooters looking to improve accuracy, Timney delivers a trigger that is innovative, dependable, and consistent, enhancing performance across a wide range of platforms. Timney's engineers have also eliminated the well-known trigger flop, resulting in the crisp, smooth break that defines a genuine Timney trigger.

This single-stage trigger features a factory-set, non-adjustable pull weight of 3 to 3.5 pounds and is designed to help you shoot with greater precision. It is available in either black or nickel-plated finishes and installs easily with no gunsmith required.

Each trigger is hand-assembled, carefully tested, and precisely calibrated, then backed by Timney's legendary lifetime warranty. Proudly made in the USA, it represents performance, reliability, and craftsmanship you can trust.

Safety Instruction Guide for Marlin Lever Action Trigger

Introduction

Thank you for choosing the Marlin Lever Action Trigger. This guide provides essential safety instructions to ensure safe use and installation of your trigger. By following these guidelines, you can enhance your shooting experience while ensuring compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure you are familiar with the operation of your firearm before installing or using the trigger.
- Always treat every firearm as if it is loaded.
- Keep your finger off the trigger until you are ready to shoot.
- Store firearms and ammunition securely, away from children and unauthorized users.
- Regularly inspect your trigger and firearm for signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm ownership and usage.

Specific Safety Precautions for Use

- This trigger is designed for use with Marlin Model 336, 1894, and 1895 rifles only. Do not use it with any other models.
- The pull weight of this trigger is factoryset and nonadjustable at 3 to 3.5 pounds. Ensure you are comfortable with this pull weight before use.
- Avoid using the firearm in wet or damp conditions to prevent rust and corrosion.
- Do not modify or attempt to repair the trigger. Any modifications may compromise safety and performance.
- Use appropriate hearing and eye protection when shooting.

Instructions for Installation and Usage

1. Installation Steps:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing trigger according to your firearm's manual.
- Carefully install the Marlin Lever Action Trigger by following the provided instructions specific to your firearm model.
- Ensure all components are secure and function properly before reassembling the firearm.
- Doublecheck that the trigger operates smoothly without any obstruction.

2. Usage Steps:

- Load your firearm only when you are ready to shoot.
- Always point your firearm in a safe direction.
- Be aware of your target and what lies beyond it.
- If you experience any malfunction, cease use immediately and consult a qualified gunsmith.

Disposal Instructions

- Dispose of the trigger and any associated components in accordance with local regulations.
- Do not dispose of the trigger in regular household waste. Check for designated disposal sites for firearms accessories.
- Ensure that all components are rendered inoperable before disposal.

Contact Information for Further Support

For any safety inquiries or to report unsafe products, please contact your local authorities or visit the relevant safety information platforms.

By adhering to these safety guidelines, you can ensure a safe and enjoyable experience with your Marlin Lever Action Trigger. Thank you for your commitment to safety and responsible firearm use.
