

AK47 TRIGGERS (Pull weight is not adjustable) - AK47 Trigger

****3.5lb****

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

Our engineers set out to create a trigger that would be compatible with as many variants as possible, focusing on three key design elements that truly set it apart. The AK Drop-In lives up to its name as a complete, 100% drop-in, cassette-style trigger unit. It features an adjustable screw that interfaces with existing safety levers, allowing compatibility across multiple rifle variants. To ensure maximum stability, the trigger is secured within the receiver using four set screws that mechanically bind the unit to the housing, similar to Timney's proven AR trigger designs.

This single-stage trigger comes with a factory-set, non-adjustable pull weight of 3.5 pounds and is engineered to help improve accuracy and trigger control. As with all Timney products, it is backed by the legendary lifetime warranty and proudly made in the USA.

Features:

- 3.5 lb pull weight
- Single-stage, non-adjustable design
- Enhances accuracy and consistency
- 100% drop-in, cassette-style trigger

Attributes

- Name: [AK47 Trigger **3.5lb**](#)

AK47 Triggers Safety Instruction Guide

Introduction

Thank you for choosing the AK47 Trigger. This guide provides essential safety instructions to ensure safe usage and installation of your trigger. Please read this manual carefully before use to understand the precautions and instructions necessary for safe operation.

General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or handling the trigger.
- Do not use the trigger if it shows any signs of damage or wear.
- Keep the trigger and all firearm accessories out of reach of children and unauthorized users.
- Always follow the manufacturer's instructions for your specific firearm model.
- Regularly inspect the trigger for proper function and any potential hazards.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- The AK47 Trigger has a factoryset pull weight of 3.5 pounds. Ensure that you are familiar with this weight before use.
- This trigger is designed for use with compatible AK47 variants only. Verify compatibility with your specific firearm model before installation.
- Avoid modifying the trigger or attempting to adjust the pull weight, as this may compromise safety and performance.
- When using the firearm, always adhere to general firearm safety rules, such as keeping the muzzle pointed in a safe direction and keeping your finger off the trigger until ready to shoot.
- If you experience any malfunctions or irregularities, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded and the magazine is removed.
- Gather necessary tools for installation, including a screwdriver and any other required equipment.

2. Installation Steps:

- Remove the existing trigger assembly from the firearm according to the manufacturer's instructions.
- Align the AK47 Trigger with the receiver of the firearm.
- Secure the trigger in place using the provided set screws. Ensure that the trigger is firmly attached to prevent movement during use.
- Check that the trigger interfaces correctly with the safety lever and operates smoothly.

3. Testing:

- Once installed, perform a function check to ensure that the trigger operates correctly.
- Test the pull weight to confirm it is at the factoryset 3.5 pounds. If the trigger does not function as expected, consult a qualified gunsmith.

4. Usage:

- Always follow safe firearm handling practices.
- Use the trigger only in suitable environments and conditions.

Disposal Instructions

- Dispose of the trigger in accordance with local regulations and guidelines for firearm accessories.
- If the trigger is damaged or no longer in use, ensure it is rendered inoperable before disposal to prevent unauthorized use.

Contact Information for Further Support

For any questions or concerns regarding the AK47 Trigger, please refer to the manufacturer's contact information provided on the packaging or website. It is important to reach out to the manufacturer for guidance on safety inquiries and product support.

By following this safety instruction guide, you can help ensure a safe and enjoyable experience with your AK47 Trigger. Thank you for prioritizing safety and responsible firearm usage.
