

AR-15 TRIGGERS (Pull weight is not adjustable) - AR15 SMALL PIN SOLID **3-4lb**

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

Timney has been asked for an AR trigger at a lower price without compromising on quality for budget-build AR's. You asked, Timney listened. Introducing the Impact - the next trigger in the People's Choice Line of Excellence from the craftsmen and women of The World's Finest Trigger. Timney's engineers figured out a way to machine the parts from billet steel (no skimping with metal injection molding or stamped, old-school parts), assemble the triggers, and still hand-test this trigger by their trigger technicians at a price that you asked for - \$149.99 The Impact will give you a crisp, clean, 3-pound break and will drop into all Mil-Spec AR's. All components are captive in the lightweight, aluminum alloy housing. Hammer is wire-EDM machined from S7 tool steel that combines hardness to resist wear with superior impact resistance to withstand heavy use without chipping or breaking. Other components are EDM cut from A2 tool steel, then heat treated to Rc 56-60 for long service life. The Brownells exclusive model offers you all the same features of the curved trigger shoe model, but with a unique tan anodized body. Installs using your rifle's original hammer/trigger pins, our proprietary design eliminates pin walkout. Available in curved or flat trigger bows. The secret to long-range accuracy? It all starts with an amazing trigger and this trigger, is truly amazing. The new Impact trigger is Timney's latest overnight success - 73 years in the making. Please Note: The Impact is not compatible with the AR-10®.

Safety Instruction Guide for AR15 Triggers

Introduction

Thank you for choosing the Timney AR15 Trigger. This guide provides essential safety instructions to ensure the safe and effective use of your trigger. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before installing or using the trigger.
- Always treat your firearm as if it is loaded, even when you believe it is not.
- Keep firearms and ammunition out of reach of children and unauthorized users.
- Use appropriate safety gear, such as eye and ear protection, when handling firearms.
- Regularly inspect your trigger and firearm for any signs of wear or damage.
- If you notice any irregularities or malfunctions, cease use immediately and consult a qualified gunsmith.
- Follow all local, state, and national laws regarding firearm ownership and use.

Specific Safety Precautions for Use

- The AR15 Trigger is designed for use with MilSpec ARs only. Ensure compatibility before installation.
- Do not attempt to modify or disassemble the trigger. This may result in malfunction or unsafe operation.
- The pull weight of this trigger is fixed at 34 lbs. Ensure that this weight is suitable for your shooting needs.
- Always perform a function check after installation to ensure proper operation.
- Avoid using the trigger in wet or humid conditions to prevent corrosion.
- Store the trigger in a dry, cool place when not in use.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the original trigger and hammer pins using appropriate tools.
- Insert the new trigger into the lower receiver of the AR15.
- Align the trigger and hammer with the original pins and secure them in place.
- Ensure that the trigger is seated properly and operates smoothly.

2. Usage:

- Before firing, conduct a function check:
 - Ensure the safety is engaged.
 - Pull the trigger to ensure it moves freely.
 - Release the trigger to check for reset.
- When ready to fire, disengage the safety and aim at your target.
- Squeeze the trigger gently to avoid jerking, which can affect accuracy.

3. Maintenance:

- Regularly clean and lubricate the trigger according to the manufacturer's recommendations.
- Inspect for wear and replace if necessary.

Disposal Instructions

- Dispose of the trigger in accordance with local regulations regarding electronic waste and firearm components.
- Do not throw away in regular household waste.
- Contact local authorities or waste management facilities for proper disposal methods.
