[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

The Timney AR15 Small Pin Straight Trigger offers a trigger feel that rivals that of a precision bolt-action rifle rather than a typical modern sporting rifle.

Designed as a true drop-in solution, it delivers a crisp, smooth, and creep-free pull with no gunsmithing, fitting, or adjustment required.

All trigger components are fully enclosed within a lightweight yet durable aluminum housing. The hammer is precision-machined from S7 tool steel for outstanding impact resistance, while the remaining components are machined from A2 tool steel and heat-treated to ensure long service life and consistent performance.
