[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

The Timney AR15 Small Pin Straight Trigger delivers a trigger feel more comparable to that of a precision bolt-action rifle than a typical modern sporting rifle. As a true drop-in trigger, it provides a crisp, smooth, and creep-free pull with no gunsmithing, fitting, or adjustment required.

All components are enclosed in a lightweight yet robust aluminum housing. The hammer is precision-machined from S7 tool steel for excellent impact resistance, while the remaining components are machined from A2 tool steel and heat-treated to ensure durability and a long service life.
