

AR PCC TRIGGERS (Pistol Caliber Carbine) - AR PCC 2 STAGE, STRAIGHT **2+2lb** Fits all calibers in PCC (.40, .45, 9mm)

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

This Timney trigger sets the benchmark for aftermarket upgrades for AR/M4 platforms and is designed as a complete, drop-in trigger assembly.

It features a two-stage trigger pull with a total pull weight of 4 pounds, divided into a 2 lb first stage and a 2 lb second stage (0.9 kg + 0.9 kg). The trigger uses your rifle's original hammer and trigger pins as well as the existing safety, requiring no additional parts.

Specifically engineered for shooters who prefer a two-stage trigger in AR-style pistol caliber carbines, it delivers improved control, consistency, and accuracy. Installation is quick and easy with no gunsmithing required, and the trigger is ready for the range straight out of the box with no adjustments necessary. It features a solid, straight trigger shoe.

Safety Instruction Guide for AR PCC Triggers

Introduction

Thank you for choosing the AR PCC Triggers (Pistol Caliber Carbine) AR PCC 2 Stage, Straight. This guide provides essential safety instructions and information to ensure the safe and effective use of your trigger assembly. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm and its components before installing the trigger.
- Always handle firearms with care and treat every firearm as if it is loaded.
- Keep firearms pointed in a safe direction at all times.
- Store firearms and ammunition in a secure location, out of reach of children and unauthorized users.
- Always wear appropriate eye and ear protection when handling firearms.
- Be aware of your surroundings and ensure a clear range before shooting.
- Follow all local laws and regulations regarding firearm ownership and usage.

Specific Safety Precautions for Use

- This trigger assembly is designed for use with ARstyle Pistol Caliber Carbines in 9×19, .40 S and W, and .45 ACP only.
- Do not attempt to use this trigger assembly with any other firearm or caliber.
- Ensure that the trigger is installed correctly before using the firearm.
- Do not modify or alter the trigger assembly in any way, as this may compromise safety and performance.
- Regularly inspect the trigger assembly for wear or damage. If any issues are found, discontinue use and consult a qualified gunsmith.
- Be cautious of the trigger pull weight; it is set at a total of 4 pounds (2 lb first stage and 2 lb second stage). Ensure you are comfortable with this pull weight before use.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and the chamber is clear.
- Gather necessary tools for installation, such as a punch tool and a hammer.

2. Installation Steps:

- Remove the existing trigger assembly from your ARstyle Pistol Caliber Carbine by following the manufacturer's instructions.
- Carefully install the new AR PCC Trigger assembly into the lower receiver, ensuring that the original hammer and trigger pins are used.
- Ensure that the safety lever is installed correctly and functions properly.
- Once installed, perform a function check to ensure the trigger operates correctly.

3. Usage:

- When ready to use the firearm, ensure that the safety is engaged until you are prepared to shoot.
- Practice proper shooting techniques and keep your finger off the trigger until you are ready to fire.
- After use, always ensure the firearm is unloaded and stored safely.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If the trigger assembly is damaged or no longer in use, consult local regulations for proper disposal methods.
- Do not discard firearms or firearm components in regular trash.

Contact Information for Further Support

For any safety inquiries, concerns, or to report unsafe products, please contact your local authorities or consult the EU Safety Gate platform for updates on recalls and safety alerts.

By following these guidelines, you can ensure a safe and enjoyable experience with your AR PCC Trigger assembly. Thank you for your commitment to safety.
