GLOCK TRIGGERS Safety Instruction Guide

Introduction

Thank you for choosing the GLOCK TRIGGERS with a fixed pull weight of 3 lb (1,362 g). This product is designed for use with GLOCK largeframe pistols, specifically models G20, G21, G29, G30, G40, and G41 (Gen 34). It is important to follow the safety instructions outlined in this guide to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Ensure that you are familiar with your firearm's operation and safety features before using the trigger.
- Store your firearm and its components securely and out of reach of unauthorized persons, especially children.
- Regularly inspect your trigger and firearm for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm usage and modifications.
- Do not use the trigger if you experience any discomfort or difficulties during installation or operation.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or modifying the trigger.
- Avoid using the trigger in adverse conditions (e.g., rain, snow, or extreme temperatures) that may affect performance.
- Use only compatible GLOCK models for this trigger to prevent malfunctions.
- If you notice any unusual behavior during operation (e.g., misfires, failure to reset), discontinue use immediately and consult a qualified gunsmith.
- Keep your fingers off the trigger until you are ready to shoot.
- Be aware of your surroundings and ensure a safe backstop when using your firearm.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded.
- Gather necessary tools for installation, including a punch tool and a screwdriver.

2. Installation:

- Remove the slide from the frame of the firearm.
- Disassemble the trigger mechanism according to the GLOCK manual.
- Carefully replace the factory trigger with the GLOCK TRIGGER, ensuring proper alignment.
- Reassemble the trigger mechanism and slide.
- Perform a function check to ensure that the trigger operates correctly.

3. Usage:

- Familiarize yourself with the trigger's pull weight of 3 lb (1,362 g) before live firing.
- Practice dry firing in a safe environment to get accustomed to the trigger's response.
- Always wear appropriate eye and ear protection when firing.

Disposal Instructions

- Dispose of the trigger responsibly and in accordance with local regulations.
- If the trigger becomes damaged or is no longer in use, consider returning it to the manufacturer or a certified disposal facility.
- Do not dispose of the trigger in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the GLOCK TRIGGERS, please refer to the manufacturer's contact information provided in the product packaging or manual. It is essential to have a point of contact for safety inquiries and product support.

By following these safety instructions, you can ensure a safe and enjoyable experience with your GLOCK TRIGGERS. Always prioritize safety and compliance with local laws when handling firearms and their components.
