

GLOCK TRIGGERS (Pull weight 3lb) - GLOCK GEN 5: 20, 21, 29, 30, 40 and 41

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

The new Timney Alpha Competition Series is a drop-in match trigger for Glock pistols. Designed to combine a 3-pound (approx. 1,360 g) trigger pull with Glock's well-known reliability, this crisp-breaking trigger delivers an exceptionally clean feel with a smooth trigger stroke.

In true Timney tradition, the match trigger is a direct replacement that requires no additional parts and works with all other factory Glock components and springs. To ensure long-term reliability even without maintenance, the trigger bar and sear are coated with Teflon-Nickel (NP3), providing extremely low friction and excellent wear resistance. The trigger shoe is made from aluminum and features a red anodized safety.

In an independent test, the Alpha Competition Trigger fired 10,000 rounds without lubrication or cleaning—and without a single malfunction.

GLOCK TRIGGERS Safety Instruction Guide

Introduction

Thank you for choosing the GLOCK TRIGGERS (Pull weight 3lb) for your GLOCK GEN 5 pistols (models 20, 21, 29, 30, 40, and 41). This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the GLOCK TRIGGERS by following all instructions provided in this guide.
- **Enhanced Recalls:** Stay informed about potential recalls and safety notices related to this product.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety requirements.
- **Special Consumer Focus:** Keep the product out of reach of children and vulnerable individuals.
- **EU Contact Point:** For safety inquiries, refer to the designated EU-based contact for this product.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for any updates on unsafe products.

Specific Safety Precautions for Use

- **Use Only with Compatible Models:** Ensure that the GLOCK TRIGGERS are used only with GLOCK GEN 5 models 20, 21, 29, 30, 40, and 41.
- **Avoid Modifications:** Do not modify the trigger or any associated parts. Modifications can lead to unsafe conditions.
- **Regular Inspection:** Periodically inspect the trigger for any signs of wear or damage. Replace if necessary.
- **Proper Handling:** Always handle your firearm safely and responsibly, following all local laws and regulations.
- **Use in Safe Environment:** Use the product in a controlled environment, away from children and unauthorized users.
- **Lubrication and Maintenance:** Although the trigger is designed for long-term reliability, regular maintenance may be required. Refer to the manufacturer's recommendations.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation (if required).

2. Installation Steps:

- Remove the factory trigger from your GLOCK GEN 5 pistol according to the manufacturer's instructions.
- Carefully install the GLOCK TRIGGERS by following these steps:
 - Align the trigger bar with the trigger shoe.
 - Insert the trigger assembly into the frame of the pistol.
 - Ensure that all components are seated correctly and securely.
- Reassemble the firearm according to the manufacturer's instructions.

3. Testing:

- After installation, conduct a function test to ensure proper operation.
- Check the trigger pull weight to confirm it is at 3lb (approx. 1,360 g).

- Test the trigger in a safe environment to ensure it operates correctly without malfunctions.

4. **Usage:**

- Always follow safe firearm handling practices.
- Be aware of your surroundings and ensure a clear line of sight when firing.

Disposal Instructions

- **Environmental Considerations:** Dispose of any old parts or packaging in accordance with local regulations.
- **Recycling:** If possible, recycle components made from metal and plastic.
- **Hazardous Materials:** Dispose of any hazardous materials, such as lubricants or chemicals, according to local waste management guidelines.

Contact Information for Further Support

For any questions or concerns regarding the GLOCK TRIGGERS, please refer to the designated EUbased contact for assistance. Ensure that you have the product details available for a more efficient inquiry.

By following these safety instructions, you can ensure the safe and effective use of your GLOCK TRIGGERS. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
