

BROWNING A BOLT, Spring Kit

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

The Timney Browning A-Bolt Spring Kit includes two precision springs designed to significantly reduce the trigger pull weight on your rifle. The kit is simple to install and offers two pull-weight ranges, allowing shooters to fine-tune their trigger feel with ease. Included are springs rated at approximately 1.5-2 pounds and 2-3 pounds.

Since 1946, Timney Triggers has earned its reputation through uncompromising quality, precision machining, and superior craftsmanship. Every Timney product reflects this legacy, which is why Timney is widely regarded as producing some of the finest triggers in the world. Each trigger and component is individually hand-tested and calibrated in the specific action it was designed for.

fore leaving the factory. Compatibility:
Suitable for Browning A-Bolt and A-Bolt II rifles.
Not compatible with the A-Bolt III.

Safety Instruction Guide for Timney Browning ABolt Spring Kit

Introduction

Thank you for choosing the Timney Browning ABolt Spring Kit. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Always handle firearms and related components with care and responsibility.
- Ensure that the rifle is unloaded before beginning any installation or maintenance work.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the spring kit for wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls and safety notices via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use only the springs provided in the Timney Browning ABolt Spring Kit; do not mix with other components.
- Ensure compatibility with your specific rifle model (Browning ABolt and ABolt II only; not compatible with ABolt III).
- Follow all local laws and regulations regarding firearm modifications.
- Always wear appropriate safety gear, including eye protection, when working with firearms.
- Do not exceed the recommended pullweight ranges of 1.5-2 pounds and 2-3 pounds.
- Be aware that modifying the trigger pull weight can affect firearm safety and performance.

Instructions for Installation and Usage

1. Preparation:

- Ensure the rifle is unloaded and pointed in a safe direction.
- Gather necessary tools for installation (screwdriver, etc.).

2. Installation Steps:

- Remove the rifle's action from the stock according to the manufacturer's instructions.
- Locate the existing trigger spring and carefully remove it.
- Install the new spring from the Timney Browning ABolt Spring Kit, ensuring it is seated properly.
- Reassemble the rifle's action and stock.

3. Testing:

- After installation, conduct a function check to ensure the trigger operates correctly.
- Adjust the trigger pull weight as desired within the specified ranges.

4. Usage:

- Practice safe shooting techniques and ensure proper handling of the rifle at all times.
- Regularly check the functionality of the trigger system before each use.

Disposal Instructions

- Dispose of any old or unused springs in accordance with local waste management regulations.
- Do not dispose of the product in regular household waste; check for recycling options in your area.

Contact Information for Further Support

For any questions or concerns regarding the Timney Browning ABolt Spring Kit, please refer to the manufacturer's customer support resources.
