

# **HK MP5 SEMI-AUTO VARIANTS 2 STAGE (Pull weight is not adjustable: 1ST Stage 2lb; 2ND Stage 2lb) - HK MP5 2 STAGE \*\*2+2lb\*\* Semi-Auto/SEF Trigger Packs (No Ambi/Navy/FBI)**

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

The Timney HK MP5 trigger is factory set with a 900 g first stage and a 900 g second stage, elevating the platform and allowing the shooter to achieve the highest level of accuracy.

All trigger components are expertly designed and precision-machined from premium materials to ensure a lifetime of reliable performance. The trigger housing is manufactured from 6061-T6 aluminum and black anodized to provide excellent resistance to weather and corrosion. The hammer is made from S7 tool steel, heat treated, and NP3 coated to deliver maximum lubricity throughout the trigger pull. Both the trigger shoe and the disconnector are machined from A2 tool steel, heat treated, and carbonitrided to ensure a smooth and consistent trigger feel.

NO IMAGE  
AVAILABLE

Timney's two-stage replacement trigger for HK MP5 semi-automatic firearms utilizes the rifle's original ejector lever, ejector spring, and ejector pin, which are matched to the chambering of your firearm.

Compatibility:

This trigger is compatible with HK 91, 93, and 94 models and their clones using SEF / semi-auto trigger housings and corresponding safety levers.

It is NOT compatible with the SP5, Ambi/Navy/FBI trigger housings, or .22-caliber clones, as these platforms use entirely different internal designs.

# Safety Instruction Guide for HK MP5 SemiAuto Variants 2 Stage Trigger Packs

## Introduction

Thank you for choosing the Timney HK MP5 SemiAuto Variants 2 Stage Trigger Packs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your trigger pack. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep your firearm pointed in a safe direction at all times.
- Ensure that the firearm is unloaded when installing or adjusting the trigger pack.
- Store your firearm and ammunition in a secure place, out of reach of children and unauthorized users.
- Regularly inspect your firearm and trigger pack for wear or damage.
- Familiarize yourself with the specific operational manual for your firearm model.

## Specific Safety Precautions for Use

- Use only with HK 91, 93, and 94 models and their clones that utilize SEF/semiauto trigger housings.
- Do not use with SP5, Ambi/Navy/FBI trigger housings, or .22caliber clones.
- Ensure that the trigger pack is properly installed before using the firearm.
- Do not modify the trigger pack or any of its components.
- Always follow the manufacturer's instructions for use and maintenance.
- Be aware of the pull weight specifications: 1ST Stage 2lb; 2ND Stage 2lb. Ensure that this meets your shooting needs.

## Instructions for Installation and Usage

### Installation Instructions

1. **Safety First:** Ensure the firearm is completely unloaded.
2. **Remove Existing Trigger Pack:** Follow the specific instructions in your firearm's manual to safely remove the existing trigger pack.
3. **Inspect the New Trigger Pack:** Check for any visible damage or defects before installation.
4. **Install the New Trigger Pack:**
  - Align the trigger pack with the housing.
  - Securely fasten all components according to the manufacturer's instructions.
5. **Test the Installation:** Before using the firearm, ensure the trigger operates smoothly without any obstructions.

### Usage Instructions

- Once installed, test the trigger pack in a safe environment to ensure proper functionality.
- Maintain proper shooting stance and grip when using the firearm.
- Be aware of your surroundings and ensure a clear line of sight before firing.

### Disposal Instructions

- Dispose of the trigger pack and any associated packaging materials in accordance with local regulations.
- Do not dispose of the trigger pack in regular household waste. Check for local recycling or hazardous waste disposal options.

## Contact Information for Further Support

For any safety inquiries, product support, or to report unsafe products, please refer to the appropriate channels available in your region. Ensure that you are aware of the EU Safety Gate platform for updates on product recalls and safety alerts.

## Conclusion

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your Timney HK MP5 SemiAuto Variants 2 Stage Trigger Packs. Always prioritize safety and responsible firearm handling. Thank you for your commitment to safe shooting practices.
