

# IWI Tavor 2 STAGE Triggers - IWI TAVOR 5 **\*\*4lb\*\***

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

This trigger is not compatible with the Tavor 7.

This is a complete, drop-in trigger assembly designed for easy installation.

The trigger is factory tuned for an exceptionally clean pull with no creep. It is preset at 2 lbs. for the first stage and 2 lbs. for the second stage, both non-adjustable, resulting in a total pull weight of 4 lbs. for optimal Tavor performance.

The trigger utilizes your rifle's original hammer and trigger pivot pins. Due to the extended bullpup trigger linkage, it provides a distinct and consistent two-stage trigger feel.

No gunsmith required, easy to install

Ready for the range right out of the box

No adjustments needed

No additional parts required

Factory set at 4 lbs. for maximum performance

# IWI Tavor 2 STAGE Triggers User Safety Instruction Guide

## Introduction

Thank you for choosing the IWI Tavor 2 STAGE Trigger. This guide provides important safety information, installation instructions, and usage guidelines to ensure the safe and effective operation of your trigger assembly. Please read this guide thoroughly before use.

## General Safety Guidelines

- Ensure that the product is used in accordance with all applicable laws and regulations.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Keep the trigger assembly and all firearm components out of reach of children and unauthorized users.
- Regularly inspect your firearm and trigger assembly for any signs of wear or damage.
- Do not use the trigger assembly if it appears damaged or malfunctioning.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- This trigger assembly is **not compatible** with the Tavor 7. Ensure compatibility with your firearm model.
- The trigger is factory set at 4 lbs. total pull weight. Do not attempt to adjust the pull weight as it is nonadjustable.
- Always ensure the firearm is pointed in a safe direction when installing or handling the trigger assembly.
- Use only the original hammer and trigger pivot pins from your rifle to avoid safety hazards.
- Avoid using the trigger assembly in wet or damp conditions to prevent malfunction.
- Ensure that the trigger assembly is securely installed before use to prevent accidental discharge.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation (if any are required).

### 2. Installation:

- Remove the original trigger assembly from your Tavor rifle.
- Insert the IWI Tavor 2 STAGE Trigger into the trigger housing.
- Utilize your rifle's original hammer and trigger pivot pins to secure the trigger assembly.
- Ensure that the trigger linkage is correctly aligned and functioning smoothly.

### 3. Testing:

- After installation, conduct a function check to ensure the trigger operates correctly.
- Pull the trigger to ensure it engages smoothly and does not exhibit any creep.

### 4. Usage:

- Once installed and tested, the trigger assembly is ready for use at the range.
- Always follow safe firearm handling practices while using your rifle.

## **Disposal Instructions**

- Dispose of the trigger assembly in accordance with local regulations.
- Do not dispose of the trigger assembly in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the IWI Tavor 2 STAGE Trigger, please reach out to the manufacturer or your retailer. Ensure you have the product details available for reference.

By following these guidelines, you can ensure a safe and enjoyable experience with your IWI Tavor 2 STAGE Trigger. Thank you for your attention to safety.
