# MAUSER Low Profile Safety Instruction Guide

## Introduction

Thank you for choosing the MAUSER Low Profile Safety, Model 100116. This product is designed to enhance the safety and performance of your Mauser 98 rifle. Please read this instruction guide carefully to ensure safe and effective use of the safety lever. This guide complies with the EU General Product Safety Regulation (GPSR) to provide you with essential safety information.

## General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the manufacturer's instructions.
- Regularly inspect the safety lever for signs of wear or damage. Replace if necessary.
- Always handle firearms responsibly and follow the basic rules of firearm safety.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure that the rifle is unloaded before installing or adjusting the safety lever.
- Do not attempt to modify the safety lever or the firearm in any way that may compromise safety.
- Use only compatible Mauser 98 models for installation.
- Always engage the safety lever when the firearm is not in use to prevent accidental discharge.
- Be mindful of your surroundings and ensure that the firearm is pointed in a safe direction at all times.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the rifle is unloaded and the bolt is open.
- Gather necessary tools for installation (e.g., screwdriver).

### 2. Installation Steps

- Remove the existing safety lever by following these steps:
  - Locate the safety lever on the Mauser 98 rifle.
  - Use the screwdriver to carefully remove any screws securing the safety lever.
  - Gently pull the old safety lever away from the rifle.
- Install the MAUSER Low Profile Safety:
  - Align the new safety lever with the mounting area.
  - Insert and tighten the screws securely, ensuring the lever is firmly in place.
  - Test the lever to ensure it operates smoothly and engages properly.

### 3. Usage

- To engage the safety, push the lever into the "safe" position.
- To disengage the safety, push the lever into the "fire" position.
- Always confirm that the safety is engaged when not in use.

## Disposal Instructions

- Dispose of any old safety lever and packaging materials responsibly.
- Follow local regulations for the disposal of metal components and packaging.

- Consider recycling materials where possible to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries regarding the MAUSER Low Profile Safety, please refer to the manufacturer's website or customer service resources for assistance.

Thank you for prioritizing safety and performance with your MAUSER Low Profile Safety. Always remember to handle firearms responsibly and adhere to safety guidelines to ensure a safe shooting experience.
