[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

Timney is the industry leader in replacement triggers for Mossberg rifles, delivering precision, reliability, and improved shooting performance.

This true drop-in trigger features Timney's proprietary trigger-blocking safety, ensuring the trigger will not move while on safe. Each unit is factory calibrated and ready to shoot, yet remains fully adjustable for sear engagement (creep) and pull weight to suit individual preferences.

Designed to enhance accuracy and consistency, the trigger installs easily with no gunsmith required. It's ready for the range straight out of the box or can be fine-tuned for a custom trigger feel.

Safety Instruction Guide for MOSSBERG Pull Weight Adjustable Trigger

Introduction

Thank you for choosing the MOSSBERG Pull Weight Adjustable Trigger. This product has been designed to enhance your shooting experience by providing precision, reliability, and improved performance. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

To ensure the safe use of your MOSSBERG trigger, please adhere to the following guidelines:

- Always treat the firearm as if it is loaded.
- Keep your finger off the trigger until you are ready to shoot.
- Store firearms and ammunition securely, away from children and unauthorized users.
- Ensure you are in a safe environment when handling firearms.
- Regularly inspect your trigger and firearm for any signs of wear or damage.
- Understand the operation of your firearm and trigger before use.

Specific Safety Precautions for Use

When using the MOSSBERG Pull Weight Adjustable Trigger, please observe these specific precautions:

- Ensure the firearm is on safety before making any adjustments to the trigger.
- Do not exceed the recommended pull weight range (1.54lb) during adjustments.
- Avoid using the trigger if it appears damaged or if the safety mechanism does not function correctly.
- Be aware of your surroundings and ensure a clear line of sight before shooting.
- Always wear appropriate eye and ear protection when shooting.

Instructions for Installation and Usage

Follow these instructions carefully to install and use your MOSSBERG trigger:

1. Installation:

- Ensure the firearm is unloaded and on safety.
- Remove the existing trigger as per the firearm's manual.
- Insert the MOSSBERG trigger into the trigger housing.
- Secure the trigger in place according to the manufacturer's instructions.
- Adjust the sear engagement (creep) and pull weight to your preference using the provided adjustment tools.
- Test the trigger function with the firearm on safety before proceeding to the range.

2. Usage:

- Before each use, check that the trigger is functioning correctly and that the safety mechanism is engaged.
- Adjust the pull weight as needed, ensuring it remains within the specified range.
- Practice safe handling and shooting techniques at all times.

Disposal Instructions

When disposing of your MOSSBERG trigger, please follow these guidelines:

- Do not dispose of the trigger in regular household waste.
- Check local regulations for proper disposal methods of firearm accessories.
- If the product is damaged or no longer functional, consider recycling materials where possible.
