[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

The Timney Ruger American® Centerfire Gen I Two-Stage Trigger is engineered for precision shooters who demand maximum control and consistency. The two-stage design features an adjustable first stage pull weight ranging from 8 oz to 1 lb, followed by a clearly defined second stage adjustable between 1 and 2 lbs, delivering a smooth, crisp, and predictable trigger break.

This trigger assembly reuses the factory safety components and installs easily without the need for a gunsmith. Manufactured from premium materials for durability and reliability, it significantly enhances accuracy and shooting confidence for Ruger American Gen I rifles.

# Ruger American 2 Stage Triggers Safety Instructions

## Introduction

Thank you for choosing the Ruger American 2 Stage Trigger. This product is designed to enhance your shooting experience by providing improved control and accuracy. To ensure your safety and the safe operation of this trigger, please read and follow all safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that the trigger is compatible with Ruger American Centerfire Gen I rifles.
- Always treat firearms and their components as if they are loaded.
- Keep firearms pointed in a safe direction at all times.
- Store the trigger and all firearm components securely and out of reach of children.
- Regularly inspect your firearm and trigger for wear and damage.
- Follow all local laws and regulations regarding firearms and their components.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Improper installation may lead to accidental discharge.
  - Adjusting the trigger pull weight incorrectly can affect firearm performance and safety.
- **Avoiding Hazards:**
  - Always ensure the firearm is unloaded before installing or adjusting the trigger.
  - Use proper tools and follow installation instructions carefully.
  - Do not exceed the recommended pull weight adjustments (1.53 lb).
  - If you are unsure about the installation or operation, consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the factory trigger assembly according to the manufacturer's instructions.
- Install the Ruger American 2 Stage Trigger by following these steps:
  - Align the trigger assembly with the receiver.
  - Securely fasten the trigger assembly using the original screws.
  - Reinstall any factory safety components as required.
- Confirm that the trigger is functioning properly before using the firearm.

### 2. Usage:

- Adjust the first stage pull weight to your preference using the adjustment screw.
- Ensure the second stage pull weight is set between 1 and 2 lbs for optimal performance.
- Test the trigger in a safe environment to ensure it operates smoothly and reliably.
- Always perform a function check before using the firearm.

## Disposal Instructions

- Dispose of the Ruger American 2 Stage Trigger in accordance with local regulations.
- Do not dispose of the trigger in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding the Ruger American 2 Stage Trigger, including safety concerns or installation questions, please reach out to the manufacturer or consult a qualified gunsmith.

Thank you for your attention to these safety instructions. Your safety and the safe operation of your firearm are of utmost importance.
