

Ruger Precision 2 Stage Triggers (1ST Stage 8oz-1lb, 2ND Stage adjustable 8oz-2lb) - RUGER PRECISION STRAIGHT **8oz+1lb**

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

Timney is the market leader in replacement triggers for Ruger rifles. This true drop-in trigger is designed to fit all standard and magnum calibers and offers straightforward installation with no gunsmithing required.

Please note: This trigger is not compatible with .22 LR or rimfire models.

From the factory, the trigger is set to approximately 225 g (8 oz) for the first stage and 450 g for the second stage, delivering a smooth, consistent two-stage pull that enhances control and accuracy.

- True drop-in design
- No gunsmith required, easy installation
- Factory-set two-stage pull weights for precise shooting performance

Ruger Precision 2 Stage Triggers Safety Instruction Guide

Introduction

Thank you for choosing the Ruger Precision 2 Stage Triggers. This guide provides essential safety instructions to ensure the safe and effective use of your trigger. It is vital to follow these guidelines to minimize risks associated with firearm accessories.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep your finger off the trigger until you are ready to shoot.
- Always point the firearm in a safe direction.
- Ensure the firearm is unloaded when installing or adjusting the trigger.
- Store the trigger and firearm in a secure location, out of reach of children and unauthorized users.
- Regularly check for any signs of wear or damage to the trigger and firearm.

Specific Safety Precautions for Use

- This trigger is designed for use with Ruger rifles only. Do not attempt to use it with other firearm brands or models.
- Ensure that the trigger is not installed on .22 LR or rimfire models, as it is not compatible.
- Be aware of the pull weight settings. The first stage is set to approximately 225 g (8 oz), and the second stage is adjustable from 8 oz to 2 lb. Make sure you are comfortable with these settings before use.
- If you are unfamiliar with trigger installation or firearm modifications, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded.
- Gather necessary tools for installation, including a screwdriver and any other required equipment.

2. Installation Steps

- Remove the existing trigger from your Ruger rifle following the manufacturer's instructions.
- Carefully insert the Ruger Precision 2 Stage Trigger into the trigger housing.
- Ensure that the trigger is seated correctly and securely.
- Reassemble the firearm according to the manufacturer's guidelines.

3. Adjusting the Second Stage

- Once installed, adjust the second stage pull weight as desired, ensuring it remains within the specified range of 8 oz to 2 lb.
- Test the trigger pull in a safe environment to ensure it functions as intended.

4. Usage

- Always follow safe handling practices when using the firearm with the new trigger.
- Regularly practice safe shooting techniques to maintain proficiency.

Disposal Instructions

- Dispose of any packaging materials responsibly, in accordance with local regulations.
- Do not dispose of the trigger in regular household waste. Check with local authorities for proper disposal methods for firearm accessories.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the relevant EU contact point for product safety.

Thank you for prioritizing safety while using the Ruger Precision 2 Stage Triggers. Your adherence to these guidelines helps ensure a safe shooting experience.
