

RUGER 1022 2 Stage Trigger Complete Assembly - RUGER 1022CE, 2 STAGE, SILVER HOUSING, SHORT MAG RELEASE

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

Compatible with Ruger 10/22 rifles (see table under images) and Magnum Research MLR 1722 Field models, this complete trigger system features a black housing, a short magazine release, and a red two-stage trigger. The trigger pull is factory tuned and fixed, with a first stage (take-up) set at 8 oz / 0.5 lbs / 227 g and a second stage (break) set at 16 oz / 1 lb / 454 g. The pull weight is not adjustable.

The package includes three additional interchangeable trigger shoes and the required mounting tool. Manufactured and tuned by Timney Triggers USA under product code 2 STAGE 1022CEBL, this trigger is designed for consistent performance straight out of the box. In most cases, no fitting or modification is required; however, professional installation is recommended.

Please note: The trigger pull weight is factory set and not adjustable.

RUGER 1022 2 Stage Trigger Complete Assembly

Safety Instructions

Introduction

Thank you for choosing the RUGER 1022 2 Stage Trigger Complete Assembly. This guide provides essential safety instructions to ensure the safe use, installation, and disposal of the product, in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide thoroughly before using the product.

General Safety Guidelines

- Ensure the product is used only in accordance with the manufacturer's instructions.
- Always handle firearms and related components with care to avoid accidents.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the trigger assembly for any signs of wear or damage.
- If you notice any irregularities or issues, discontinue use immediately and seek professional assistance.
- Report any unsafe product incidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always treat the firearm as if it is loaded.
- Before installation, ensure the firearm is unloaded and pointed in a safe direction.
- Use protective eyewear when handling or installing the trigger assembly.
- Do not modify the trigger assembly in any way to maintain safety and performance.
- Ensure that the trigger pull weight is appropriate for your shooting needs; do not attempt to adjust it.
- If you are inexperienced with firearm modifications, seek professional installation to avoid potential hazards.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including the required mounting tool provided in the package.
- Ensure you are working in a clean, welllit area.
- Verify that the firearm is unloaded.

2. Installation Steps

- Remove the existing trigger assembly from the Ruger 10/22 rifle following the manufacturer's guidelines.
- Carefully install the new RUGER 1022 2 Stage Trigger by aligning it with the mounting points.
- Secure the assembly using the provided mounting tool, ensuring it is firmly in place.
- Check that the trigger operates smoothly without obstruction.

3. PostInstallation Checks

- Perform a function check to ensure the trigger operates correctly and safely.
- Confirm that the trigger pull weight is consistent with the factory settings (first stage at 8 oz / 0.5 lbs / 227 g and second stage at 16 oz / 1 lb / 454 g).
- If any issues arise, consult a professional gunsmith for assistance.

4. Usage Guidelines

- Always follow standard firearm safety rules when using the firearm equipped with the new trigger assembly.
- Keep the firearm pointed in a safe direction at all times.
- Be aware of your surroundings and ensure a clear shooting area.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic and firearm components.
- Do not dispose of the product in regular household waste.
- If you are unsure about disposal methods, contact local authorities for guidance on safe disposal practices.

Contact Information for Further Support

For any questions or concerns regarding the RUGER 1022 2 Stage Trigger Complete Assembly, please consult the manufacturer's website or customer service for assistance. Ensure you have the product code (2 STAGE 1022CEBL) available for reference.

By following these guidelines, you can help ensure safe usage and compliance with the EU General Product Safety Regulation. Thank you for your attention to safety.
