

LSS Gen3 Buttstock - MDT Buttstock - LSS Gen3 - Traditional Buttstock - BLK

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

The STS (Skeleton Traditional Stock) Buttstock brings classic rifle ergonomics to one of the most modular precision rifle chassis systems available: the LSS GEN3 Chassis System. Designed for shooters who demand the accuracy and adaptability of a chassis while preferring the familiar feel and handling of a traditional stock, the STS bridges both worlds seamlessly.

It delivers consistent comfort in real-world conditions without sacrificing adjustability or structural rigidity. You get the repeatable precision and fine-tuning of a chassis combined with the natural control and ergonomics of a classic stock.

Slippery stocks cost accuracy. That's why the STS features an overmolded rubber grip with a natural, comfortable angle—giving your hand a secure, confident hold. Rain, sweat, mud—no matter the conditions, you stay locked in and on target.

Safety Instruction Guide for LSS Gen3 Buttstock MDT Buttstock

Introduction

Thank you for choosing the LSS Gen3 Buttstock MDT Buttstock. This product combines the traditional feel of a rifle stock with the modular advantages of a precision chassis system. To ensure your safety and the optimal performance of your product, please read this safety instruction guide carefully.

General Safety Guidelines

- Always ensure that the buttstock is properly installed and secured before use.
- Inspect the buttstock regularly for any signs of wear, damage, or loose components.
- Use the buttstock only with compatible rifles and chassis systems as specified by the manufacturer.
- Keep the buttstock out of reach of children and unauthorized users.
- Report any unsafe conditions or accidents to the appropriate authorities immediately.
- Stay informed about any product recalls or safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Check the fit of the buttstock to ensure it is securely attached to the rifle before each use.
- Avoid using the buttstock in adverse weather conditions that may impair your grip or control.
- Do not modify the buttstock in any way, as this may compromise its safety and performance.
- Always maintain a proper shooting stance and grip to maximize control and accuracy.
- Be aware of your surroundings and ensure a clear line of sight before taking any shots.

Instructions for Installation and Usage

1. Installation:

- Ensure the rifle is unloaded and pointed in a safe direction.
- Align the buttstock with the chassis system according to the manufacturer's specifications.
- Secure the buttstock using the provided screws and tools, ensuring it is firmly attached.
- Perform a final check to confirm that the buttstock is securely installed.

2. Usage:

- Adjust the buttstock to your preferred length and angle for optimal comfort and control.
- Grip the overmolded rubber grip firmly, ensuring your hand is positioned at a comfortable angle.
- Maintain focus on your target and ensure proper alignment before firing.
- After use, clean the buttstock as necessary to maintain its condition.

Disposal Instructions

- Dispose of the buttstock in accordance with local regulations and guidelines.
- Do not dispose of the buttstock in regular household waste.
- If the buttstock is damaged beyond repair, contact your local waste management facility for proper disposal methods.

Contact Information for Further Support
