

Two-Piece Ring Mounts - ERATAC Ring Mount, 30 mm, H 10mm, nut

Recknagel ERATAC Riflescope Mounts – 30mm / BH 10mm (Weaver/Picatinny)

Military-Grade Construction: Precision-machined from high-strength aluminum and finished with a robust, matte black Mil-Spec Type III hardcoat anodization.

Picatinny and Weaver Compatible: Engineered for a secure fit on standard Weaver and Picatinny rail systems (30mm tube diameter / 10mm base height).

Integrated Universal Interface: Each 25mm wide ring features the patented UNIVERSAL interface, allowing for the quick addition of secondary tactical accessories.

Versatile Sizing Options: While this specific model is for 30mm tubes, the platform is available in 30mm and 34mm diameters across various heights. 1-inch scopes can be easily accommodated using ERATAC reducing inserts.

Safety Instruction Guide for TwoPiece Ring Mounts ERATAC Ring Mount

Introduction

Thank you for choosing the TwoPiece Ring Mounts ERATAC Ring Mount. This product is designed for secure and reliable mounting of riflescopes on Weaver and Picatinny rail systems. To ensure your safety and the optimal performance of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Always inspect the ring mounts before each use for any signs of damage or wear.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Report any unsafe conditions or product failures to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Installation Safety:**
 - Make sure the firearm is unloaded before installing the ring mounts.
 - Use appropriate tools when installing to avoid injury or damage to the product.
- **Mounting Safety:**
 - Ensure that the ring mounts are securely fastened to the rail system before use.
 - Regularly check the tightness of the mounts during use, especially after heavy firing sessions.
- **Accessory Use:**
 - Only use accessories that are compatible with the ERATAC ring mounts to avoid instability or failure.
- **Environmental Conditions:**
 - Avoid exposing the ring mounts to extreme temperatures or corrosive environments that may compromise their integrity.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and ensure you have a clean working area.
- Verify that the rifle and rail system are compatible with the 30mm ring mounts.

2. Installation Steps:

- **Step 1:** Place the ring mounts onto the Weaver or Picatinny rail, ensuring proper alignment.
- **Step 2:** Use the provided hardware to secure the mounts. Tighten the screws evenly to ensure a secure fit.
- **Step 3:** Attach the riflescope into the rings, ensuring it is level and properly aligned.
- **Step 4:** Tighten the rings around the riflescope, checking that it is secure but not overly tightened.

to avoid damage.

3. PostInstallation Check:

- After installation, check for any movement of the scope within the rings. If movement is detected, retighten the rings as necessary.
- Perform a function check on the firearm to ensure that everything operates smoothly.

Disposal Instructions

- Dispose of the TwoPiece Ring Mounts in accordance with local regulations regarding aluminum and other materials.
- Do not dispose of the product in regular household waste. Instead, take it to a designated recycling facility.

Contact Information for Further Support

For any questions or concerns regarding the safety or use of the TwoPiece Ring Mounts ERATAC Ring Mount, please refer to the contact information provided with the product packaging or visit the manufacturer's website for additional resources.

Thank you for prioritizing safety while using the TwoPiece Ring Mounts ERATAC Ring Mount. Your adherence to these guidelines will help ensure a safe and enjoyable experience.
