

Adapters for Universal Interface - Holder with Bubble Level for Interface

Seamless Interface Integration: Designed specifically to attach directly to the interface adapters on ERATAC riflescope mounts.

Ambidextrous Design: The modular bubble level can be configured for either left- or right-side mounting to match the shooter's preference and eye dominance.

Enhanced Accuracy: Provides instant visual feedback for precise weapon alignment and real-time stance correction, eliminating horizontal tracking errors caused by weapon canting.

Attributes

Safety Instruction Guide for Adapters for Universal Interface Holder with Bubble Level

Introduction

Thank you for choosing the Adapters for Universal Interface Holder with Bubble Level by ERATAC. This product is designed to enhance the accuracy and usability of your ERATAC riflescope mounts. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the instructions provided in this guide to avoid accidents and injuries.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for signs of wear or damage. Do not use if damaged.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls or safety alerts via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always mount the bubble level securely to prevent it from becoming loose during use.
- Ensure that the bubble level is calibrated correctly before each use for optimal accuracy.
- When adjusting the bubble level, do so in a safe environment, away from bystanders.
- Be aware of your surroundings and ensure that you are in a safe shooting position.
- Avoid using the product in adverse weather conditions that may affect visibility or stability.

Instructions for Installation and Usage

Installation

1. **Prepare the Mount:** Ensure that the interface adapters on your ERATAC riflescope mount are clean and free of debris.
2. **Attach the Bubble Level:**
 - Align the bubble level with the interface adapter.
 - Securely fasten the bubble level to the mount, ensuring it is tightly locked in place.
3. **Calibration:**
 - Check the bubble level to ensure it is properly calibrated.
 - Adjust as necessary to achieve a level position.

Usage

1. **Positioning:**
 - Choose a shooting position that allows for a clear line of sight.
 - Adjust the bubble level to your preferred side (left or right) based on your eye dominance.
2. **Alignment:**
 - Use the bubble level to check the alignment of your weapon.
 - Make adjustments to your stance as indicated by the bubble level for optimal accuracy.
3. **Safety Checks:**
 - Before firing, ensure that the area is clear of obstructions and bystanders.
 - Always handle your weapon responsibly and follow all safety protocols.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options where available.

Contact Information for Further Support

For any inquiries or further assistance regarding the Adapters for Universal Interface Holder with Bubble Level, please contact the manufacturer or your point of purchase. Ensure that you have your product details on hand for a more efficient response.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Adapters for Universal Interface Holder with Bubble Level. Thank you for your attention to safety!
